straightforward English with many illustrations and concrete examples this book provides a very accessible introduction to

such key Heideggerian notions as in authenticity falling thrownness moods temporality earth world enframing etc Organized

under clear no nonsense headings Watt s exposition avoids complicated involvement with the secondary literature or with

wider philosophical debates which gives his writing a fresh immediate character Ranging widely across Heidegger s

numerous writings this book displays an impressively thorough knowledge of his corpus navigating the difficult relationship

between earlier and later Heidegger texts and giving the reader a strong sense of the basic motives and overall continuity of
