## Anoebis En De Demonen:

**Origins of Osiris and his cult** John Gwyn Griffiths, 2018-08-14 Preliminary Material J Gwyn Griffiths The Original Myth J Gwyn Griffiths The Original Cult J Gwyn Griffiths An Upper Egyptian God of The Royal Dead J Gwyn Griffiths The Association with Water and Vegetation J Gwyn Griffiths The Ruler and Judge of the Dead J Gwyn Griffiths The Cult and the Society J Gwyn Griffiths An Embryonic System of Salvation J Gwyn Griffiths Addenda J Gwyn Griffiths Bibliography J Gwyn Griffiths Index of Texts Cited J Gwyn Griffiths General Index J Gwyn Griffiths Linguistic Indices J Gwyn Griffiths *The Divine Verdict* John Gwyn Griffiths, 1990-12-01 The theme of divine judgement has often been treated but usually with a concentration on one or its two main aspects either that which is seen in the present life and in history or that which is believed to occur only after death This new study seeks to combine the two aspects It also tries to cover the whole spectrum of the ancient religions Special attention is given to Israel Greece and Egypt Israel's neighbours are also considered and there are discussions of Judaism Christianity and Zoroastrianism In several areas notably in Egypt and Israel it is shown that punishment in this life is sometimes presented as a fate that man brings upon himself rather than as one imposed by God though always against a moral background derived from religion The origins of judgement after death in the Judaeo Christian tradition are examined in some detail and elements are traced to Egyptian Zoroastrian and Judaic sources **The Coffin of Heqata** Harco Willems, 1996 The coffin published in this book represents a type that had some popularity in southern Upper Egypt in the early Middle Kingdom but which despite its extraordinary decoration had not attracted attention so far The most striking feature of the decoration is that the object friezes the pictorial rendering of ritual implements usually found on coffin interiors of the period also include complete ritual scenes some of which are attested only here Apart from this the decoration includes an extensive selection of the religious texts known as the Coffin Texts The author first studies the archaeological context and dating of the coffin and attempts a reconstruction of the construction procedures from his technical description of the monument The detailed account of the decoration in the rest of the book interprets the ritual iconography and offers fresh translations and interpretations of the Coffin Texts A methodological innovation is that he regards the scenes and texts not as individual decoration elements but as components of an integral composition The background of this composition is argued to be a view of life in the hereafter in which the deceased is involved in an unending cycle of ritual action which reflects the funerary rituals that were actually performed on earth On the one hand these netherworldly rituals aim at bringing the deceased to new life by mummification on the other the newly regenerated deceased partakes in embalming rituals for gods representing his dead father Osiris or Atum These gods in their turn effectuate the deceased's regeneration The entire process results in a cycle of resuscitation in which the afterlife of the deceased and of the father gods are interdependent The sociological bias of this interpretation with its emphasis on kinship relations differs significantly from earlier attempts to explain Egyptian funerary religion **Anubis, Upwawet, and Other**

**Deities** Terence DuQuesne,2007 Ancient Egyptian religion is immensely complex in its symbolism and in its intellectual and artistic depth From the early times certain animals such as the cow the falcon and the snake were closely associated with religion and with kingship These animals are among the many embodiments of maginal power This volume looks at the Egyptian attitude to animals the jackal deities and their relationships and the Salakhana stelae      **Egyptian Festivals**
