**Paul N. Herbert**

## **Anonyponymous The Forgotten People Behind Everyday Words:**

**Anonyponymous** John Bemelmans Marciano, 2009-10-27 An encyclopedia of linguistic biographies the witty illustrated stories of the Earl of Sandwich Charles Boycott and other historical figures better known as words than people Eonymous adj Giving one s name to a person place or thing Anonymous adj Anonymous Anonyponymous adj Anonymous and eponymous The Earl of Sandwich fond of salted beef and paired slices of toast found a novel way to eat them all together Etienne de Silhouette a former French finance minister was so notoriously cheap that his name became a byword for chintzy practices such as substituting a darkened outline for a proper painted portrait Both bequeathed their names to the language but neither man is remembered In this clever and funny book John Bemelmans Marciano illuminates the lives of these anonyponymous persons A kind of encyclopedia of linguistic biographies the book is arranged alphabetically giving the stories of everyone from Abu algorithm Al Khwarizmi to Count Ferdinand von Zeppelin Along with them you ll find the likes of Harry Shrapnel Joseph Ignace Guillotine and many other people whose vernacular legacies have long outlived their memory Accented by amusing line portraits and short etymological essays on subjects like superhero eonyms Anonyponymous is both a compendium of trivia and a window into the fascinating world of etymology Carefully curated and unfailingly witty this book is both a fantastic gift for language lovers and a true pleasure to read

**God Knows All Your Names** Paul N. Herbert, 2009-08-18 People with only a slight interest in history will enjoy these fascinating short and easy to understand stories Serious history buffs will like these lesser known episodes not the stories weve heard a million times For example try to find anyone who knows about the attempted slave insurrection in Fairfax County Virginia With Mary Lincolns spending habits who knew that Abraham Lincoln actually saved an enormous percentage of his presidential salary A slave honored in Virginia with a monument the history of Lee Highway which opened with great fanfare in 1923 as a 3 000 mile road from Washington DC to San Diego a story about the Little River Turnpike the second oldest turnpike in America built partly by slaves and captured Hessian soldiers Youll read about two Civil War ships that collided in the Potomac River Victims included wounded soldiers wives and one soldiers six year old son Youll read a great account of the massive Civil War corruption Youll learn about the disastrous condition of the treasury sound familiar during the Revolutionary War The government tried everything including a lottery to get the country afloat in a sea of red ink But the most fascinating story may be about the Revolutionary War soldier who faked his own desertion to defect to the enemy with the highly secretive mission of going behind enemy lines to capture and return for trial the worst traitor in American history Benedict Arnold Bet you never heard of this story There are many other stories in this eclectic heavily researched manuscript Theres a story about the Christmas Truce in World War One about long forgotten holidays in Virginia about the retrocession which sent an area of Washington back to Virginia in 1846 and about the impeachment of a Supreme Court justice it happened only once And more *Broadening Perspectives in the History of Dictionaries and Word Studies* Hans Van de Velde, Fredric T.

Dolezal,2021-10-22 This volume brings together fifteen articles exploring the linguistic and literary foundations of lexicography and lexicology Topics explored here include a discussion of the relationships between lexicography and ideology in China Frisian legal language and the Deutsches Rechtsw rterbuch the history and lexicography of Faroese Wortgeschichte digital and its relation to Grimmian tradition the linguistic history of phonetically imitative words and studies of Croatian Czech English Greek and Turkish historical dictionaries The book also presents a digital and textual study on the status of eponyms across the history of the Royal Society as well as a study of German paronym dictionaries a modern history of bilingual Russian Tajik terminological dictionaries and a historical overview of the lexicography of Frisian The research findings and close readings by expert practitioners and historians of dictionaries and word studies found in the pages of this volume continue to broaden critical perspectives upon the study of manuscripts and print artifacts dictionaries and standard varieties biographies bibliography and text analyses dictionary production and corpus and digital analyses

PR, 2017-12-05 PR Play Among Books Miro Roman,Alice \_ch3n81,2021-12-06 How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice \_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science
