Schneider (Publicist.), 1872 **The German-Jewish Dilemma** Edward Timms, Andrea Hammel, 1999 These essays analyze the problems which have affected the evolution of German Jewish relations since the Enlightenment showing how the project of emancipation was subverted by countercurrents of antisemitism and anxieties about national identities in a society in the throes of modernization It emphasises the importance of social and historical context offering a differentiated account of the difficulties of emancipation the sense of alienation which is such a characteristic feature of German Jewish discourse and the culmination of various forms of anti semitism in the politics of persecution and genocide The close focus on specific journals and institutions writers and texts reveals the tortuous complexity of German Jewish relations with a final emphasis on resistance survival and commemoration
