material beginning with the medical record and followed by medical asepsis and sterilization and disinfection so readers have the foundation of basic clinical knowledge before delving into more complicated procedural concepts. Apply Your Knowledge sections offer case based multiple choice questions at the end of each chapter to help strengthen critical thinking and application skills. A table correlating Cognitive Learning Objectives with Performance Skills Learning Objectives clearly identifies the cognitive basis for each clinical skill. The Administration of Medication chapter has been extensively revised to include the most current and commonly used drugs exposing readers to medication names most likely encountered in the medical office. What Would You Do? What Would You Not Do? case study boxes and responses profile real world cases throughout the chapter. English to Spanish medical terms appendix covers glossary terms used by medical assistants when interacting with Spanish speaking patients.
