Behind Every Good Decision:

Behind Every Good Decision Piyanka Jain, Puneet Sharma, 2014-11-05 There is a misconception in business that the only data that matters is BIG data and that elaborate tools and data scientists are required to extract any practical information. However, nothing could be further from the truth. If you feel that you can't understand how to read, let alone implement these complex software programs that crunch the data and spit out more data that will no longer be a problem. Authors and analytics experts Piyanka Jain and Puneet Sharma demystify the process of business analytics and demonstrate how professionals at any level can take the information at their disposal and in only five simple steps using only Excel as a tool make the decision necessary to increase revenue, decrease costs, improve product or whatever else is being asked of them at that time. In *Behind Every Good Decision* you will learn how to Clarify the business question, Lay out a hypothesis driven plan, Pull relevant data, Convert it to insights, Make decisions that make an impact. Packed with examples and exercises, this refreshingly accessible book explains the four fundamental analytic techniques that can help solve a surprising 80 percent of all business problems. It doesn't take a numbers person to know that is a formula you need. *Behind Every Good Decision*, 2017

Behind Every Good Decision Piyanka Jain, Puneet Sharma, 2014-02-24 How to develop and deploy a companywide analytics strategy. This recipe-based handbook explains how to derive insights from data in day-to-day workflow and then how to drive business impact through those insights. *Behind Every Good Decision* helps readers use data to increase the top line revenue and customer adoption and satisfaction and decrease the bottom line cost and loss, all to provide customers with an overall better experience. Using the trademarked BADIR 5-step process, author Piyanka Jain and Puneet Sharma provides examples and exercises from different industries and functions for readers to take away, i.e., how to evaluate marketing campaign effectiveness for a toy store and apply to their own day-to-day workflow. Explains where analytics can be applied in day-to-day decisions and what type of insights and data you should be looking for. Offers insights on how to apply the business analytics techniques described in the book to your daily workflow using the analysis tools you have on hand. Describes the various data and analysis tools available in the market and which tools meet which needs. Details best practices and hurdles for creating a data-driven organization. With *Behind Every Good Decision* you'll learn how to turn analytics into impact.

Essentials of Marketing Analytics, 1e Joseph F. Hair (Jr.), Dana E. Harrison, Haya Ajjan, 2021 We developed this new book with enthusiasm and great optimism. Marketing analytics is an exciting field to study and there are numerous emerging opportunities for students at the undergraduate level and particularly at the master's level. We live in a global, highly competitive, rapidly changing world that is increasingly influenced by digital data, expanded analytical capabilities, information technology, social media, artificial intelligence, and many other recent developments. We believe this book will become the premier source for new and essential knowledge in data analytics, particularly for situations related to marketing decision making that can benefit from marketing analytics, which is likely 80 percent of all challenges faced by organizations.

Behind Every Successful President Alice E. Anderson, Hadley V. Baxendale, 1992 We discovered that Nancy Reagan and even her astrologer had a major impact on Ronald Reagan's schedule and policy decisions Was Barbara Bush a major factor in President Bush's administration If the histories of the fifteen powerful First Ladies revealed in this book are any indication Mrs Bush's influence should be right up there with our nation's top cabinet members Readers will learn how Rosalyn Carter sat in on most cabinet meetings and could barely hide her dominating personality and how Jackie Kennedy was much more than the fashion accessory the press took her for From Mrs Bush back to Mrs Hoover this first of its kind superbly researched book on America's First Ladies is sure to shock inform and delight readers *Cincinnati Superior Court*
