sharing them easily with your team or department. You'll be guided through everything you need to set up a notebook and customize it to suit you or your team. The book will show you how to navigate through OneNote and search for virtually anything as well as save time with all the shortcuts. You'll discover that inserting information into your notebooks goes far beyond text, images and videos and also includes emails, links to documents and clippings from the web. But it doesn't stop there. Integration with other Microsoft products is key for making your experience successful and this book demonstrates how to use OneNote with Microsoft Outlook, OneDrive, SharePoint and Teams. Beyond instructions and essential topics, this book also provides you with the motivation you need to make OneNote a habit as well as real life examples of notebooks you can use. By the end of this book you'll be able to use OneNote for everything and from every device. Even if you start a notebook on your laptop and continue it on your phone, you'll find working with the app seamless. What you will learn:

Understand how to create and organize notes in your notebooks. Discover how to turn handwritten notes into typed text. Explore how to access your content from anywhere even if offline. Uncover ways to collaborate with your team or family and stay in sync. Understand how to insert your emails, documents or articles from the web. Find out how to integrate with other Microsoft products such as Outlook or Teams.

Who this book is for:

If you save notes on your phone, wear out more spiral notebooks than you can count or if you're a Microsoft 365 user and need to keep track of information, then this book is for you. Beginner level experience with OneNote is required to get the most out of this book.

How to Use OneNote to Manage Your Information Jason R. Rich, 2015

How to Use OneNote to Manage Your Information is an easy to understand yet comprehensive video course that introduces viewers to OneNote and then explains exactly how to use this popular application to create, collect, organize, manage, share and archive information using their computer and/or mobile device. Different methods for efficiently creating and managing various types of content are also covered within this video course. This course includes a strong emphasis on demonstrating how to use OneNote in order to create and import content in a variety of different ways and on how to organize that content so it's readily accessible anytime and anywhere from any computer or mobile device that's linked to the same OneDrive account. From this course, OneNote users also discover how to use the software and mobile app's collaboration tools. This course uses narrated screencasts, animated slides and other types of visual content in order to provide easy to follow, compressive, informative and entertaining lessons that allow the viewer to become fully proficient using OneNote.
