**Pilgrimage** Annie Leibovitz, 2011 A striking collection by the eminent photographer encompasses her visual translations of how people live and do their work showcasing her images of historically and culturally relevant homes belonging to such famous figures as Sigmund Freud Charles Darwin and Louisa May Alcott **Annie Leibovitz** Annie Leibovitz, 2013-10 When Benedikt Taschen asked the most important portrait photographer working today to collect her pictures in a SUMO sized book she was intrigued and challenged The project took several years to develop and proved to be revelatory Annie Leibovitz drew from over 40 years of work starting with the viscerally intimate reportage she created for Rolling Stone magazine in the 1970s and extending through the more stylized portraiture of her work for Vanity Fair and Vogue Celebrated images such as John Lennon and Yoko Ono entwined in a last embrace are printed alongside portraits that have rarely and sometimes never before been seen Annie Leibovitz was able to present some of her famous group portraits in a format that proves that she is the master of the genre Her pictures are at once intimate and iconic wide ranging stylistically and also uniquely hers Annie Leibovitz is often imitated particularly by younger photographers but her work is somehow immediately recognizable The bookends of the Leibovitz collection are the black and white photograph of Richard Nixon's helicopter lifting off from the White House lawn after he resigned as president in 1974 and the formal color portrait of Queen Elizabeth II taken in a drawing room of Buckingham Palace in 2007 In between are portraits that make up a family album of our time actors dancers comedians musicians artists writers performance artists journalists athletes businesspeople Performance and power are recurring themes A supplementary book contains essays by Annie Leibovitz Graydon Carter Hans Ulrich Obrist and Paul Roth and short texts describing the subjects of each of the over 250 photographs Publisher **Annie Leibovitz** Graydon Carter, Hans Ulrich Obrist, Steve Martin, Paul Roth, 2022 The coveted Annie Leibovitz SUMO is now available in an unlimited XXL edition Drawing on more than 40 years of work including photojournalism made for Rolling Stone magazine in the 1970s and conceptual portraits for Vanity Fair and Vogue Leibovitz selected iconic images and also photographs that have rarely if ever been seen before *A Photographer's Life* Annie Leibovitz, 2006 Documents the arc of Leibovitz's relationship with her companion Susan Sontag who died in 2004 the birth of her three daughters and many events involving her large and robust family including the death of her father This book also features the portraits of public figures including the pregnant Demi Moore and Nelson Mandela in Soweto **Annie Leibovitz, with Dustjacket David Byrne** Et Al. Martin, Steve Martin, 2014-03-01 Annie's Big Book Famed photographer Annie Leibovitz weighs in with her own SUMO When Benedikt Taschen asked the most important portrait photographer working today to collect her pictures in a SUMO sized book she was intrigued and challenged The project took several years to develop and proved to be revelatory Leibovitz drew from over 40 years of work starting with the viscerally intimate reportage she created for Rolling Stone magazine in the 1970s and extending through the more stylized portraiture of her work for Vanity Fair and Vogue Celebrated images such as John and

Yoko entwined in a last embrace are printed alongside portraits that have rarely and sometimes never before been seen. Leibovitz was able to present some of her famous group portraits in a format that proves that she is the master of the genre. Her pictures are at once intimate and iconic, wide ranging stylistically and also uniquely hers. Leibovitz is often imitated, particularly by younger photographers, but her work is somehow immediately recognizable. The bookends of the Leibovitz collection are the black and white photograph of Richard Nixon's helicopter lifting off from the White House lawn after he resigned as president in 1974 and the formal color portrait of Queen Elizabeth II taken in a drawing room of Buckingham Palace in 2007. In between are portraits that make up a family album of our time: actors, dancers, comedians, musicians, artists, writers, performance artists, journalists, athletes, businesspeople. Performance and power are recurring themes. A supplementary book contains essays by Annie Leibovitz, Graydon Carter, Paul Roth, and Hans Ulrich Obrist, and short texts describing the subjects of each of the over 250 photographs. The Collector's Edition is available in four different dustjackets: Whoopi Goldberg, Berkeley, California, 1984; Keith Haring, New York City, 1986; David Byrne, Los Angeles, 1986; Patti Smith, New Orleans, Louisiana, 1978.
