Annihilating Difference Alexander Laban Hinton, 2002-08-15 This text presents a collection of original essays on genocide It explores a wide range of cases including Nazi Germany Cambodia Guatemala Rwanda and Bosnia Handbook of Transnational Crime and Justice Philip Reichel, Jay Albanese, 2013-04-29 Transnational crime and justice will characterize the 21st century in same way that traditional street crimes dominated the 20th century In the Handbook of Transnational Crime and Justice Philip Reichel and Jay Albanese bring together top scholars from around the world to offer perspectives on the laws crimes and criminal justice responses to transnational crime This concise reader friendly handbook is organized logically around four major themes the problem of transnational crime analysis of specific transnational crimes approaches to its control and regional geographical analyses Each comprehensive chapter is designed to be explored as a stand alone topic making this handbook an important textbook and reference tool for students and practitioners alike Never Meant to Survive João H. Costa Vargas, 2023-06-14 Never Meant to Survive presents a historical political and social assessment of anti black genocide and liberatory struggles that arose to resist it Based on fine grained accounts of community life at the street level Costa Vargas s work presents crucial examples of political resistance and community activism By examining two cities linked by common experiences of Blackness Los Angeles and Rio de Janeiro this book identifies a prevailing genocidal force that organizes individuals and groups across society The 1965 and 1992 riots in Los Angeles the work of the Black Panther Party and favela activists in Brazil and police brutality in struggles between black communities and the state in both L A and Rio de Janeiro all figure importantly in Costa Vargas s compelling account What emerges from this analysis is a call for the destruction of the conditions that foster the marginalization of black communities and a halt to the internal conflicts between black social groups themselves Genocide and Gender in the Twentieth Century Amy E. Randall, 2021-12-16 Focusing on events in Rwanda Armenia and the former Yugoslavia as well as the Holocaust Genocide and Gender in the Twentieth Century investigates how historically and culturally specific ideas led to genocidal sexual violence Expert contributors also consider how these ideas in conjunction with issues relating to femininity masculinity and understandings of gendered identities contributed to perpetrators tools and strategies for ethnic cleansing and genocide The 2nd edition features Five brand new chapters which explore imperialism race gender and genocide the Cambodian genocide memory and intergenerational transmission of Holocaust trauma and genocide gender and memory in the Armenian case An extended and enhanced introduction which makes use of recent scholarship on gender and violence Historiographical and bibliographical updates throughout Key primary document excerpt from the 1948 UN Convention on the Prevention and Punishment of Genocide Updated and revised in its second edition Genocide and Gender in the Twentieth Century is the authoritative study on the complex gender dimensions of ethnic cleansing and genocide in the 20th century **Politics and Racism Beyond Nations** J.
