Annual Report of the President and Treasurer, 1909 (Classic Reprint) Wellesley College, 2015-08-05 Excerpt from Annual Report of the President and Treasurer 1909 To the Board of Trustees of Wellesley College In presenting my eleventh annual report to the Board of Trustees I must gratefully acknowledge their kindness in granting me a leave of absence which became necessary owing to severe illness in the spring of 1908 As the autumn approached it seemed evident that it would be unwise for me to undertake a winter at Wellesley and I must thank the Trustees for the cordial way in which they granted me a year s vacation Happily it was not necessary to avail myself of the whole of it and I returned to college by the middle of May As Commencement Day this year did not come until June 29th I thus had more than six weeks of the very busiest of the college life I must first of all express my warm appreciation of the able manner in which affairs had been conducted during my absence by the Dean and by the administrative officers associated with her With the increasing number of students the work of the Dean s office becomes more and more onerous the entering class of 1908 numbering 414 The admission of so large a number involves an enormous amount of detail work and the Dean s office force has had to be increased These students have come to us very largely on certificate and from all parts of the country The various departments for taking care of the new students are now so well organized that the opening days move very smoothly but it remains true that there is a great deal of work for the officers of administration to perform This is not only on the strictly academic side but in the housing of new students making sure not only that college dormitories but the private houses in the village are in readiness for them About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the

Wellesley had a sabbatical year Miss Shafer president from 1888 to 1894 had more than fulfilled the conditions for claiming such a privilege by twenty days but she is my only predecessor who had been so long in office We all think of Mrs Palmer s distinguished service which lasted nearly ten years but part of that time she was a professor Miss Howard the first president completed five years of service and Mrs Irvine who was appointed upon Miss Shafer s death four years and a half So that when seven years had fully elapsed from the time of my entrance into office a year more than the time entitling me to the sabbatical leave it seemed wise to avail myself of this privilege and spend a part of the year in accordance with the wish of the founder of the fund in travel abroad Therefore on the thirtieth of June 1906 I sailed from Boston landing at Genoa a fortnight later The summer was spent in Switzerland and Italy and the autumn months in the Canton de Vaud on the Lake of Geneva Beautiful and restful as this early part of the year was it was all more or less within my range of experience as I had often seen Switzerland and had lived for months at a time in Italy The new part of the year came in December when on the sixteenth I sailed from Naples to Alexandria Then came an entirely new world We hastened directly to Cairo and made our first visit to salute the Sphinx with the massive pyramids guarding it One seems to step back in history Time no longer exists One comes into something that seems elemental and universal standing before these immense monuments of an unknown race About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
