

# AMSCO AP Government Chapter 10 Vocabulary

ad hoc - correct answers Several subordinates, cabinet officers and committees report directly to the president on different matters, this structure allows great flexibility, minimizes bureaucratic inertia, and generates ideas and information from disparate channels, but it risks cutting the president off from the government officials who are ultimately responsible for translating presidential decisions into policy proposals and administrative action.

ambassadors - correct answers a diplomat sent from another country in an effort to make peace or continue peace

bully pulpit - correct answers A public office or position of authority that provides its occupant with an outstanding opportunity to speak out on any issue. (Media in the case of the president)

Cabinet - correct answers A body of persons appointed by a head of state or a prime minister to head the executive departments of the government and to act as official advisers.

chief of staff - correct answers The person who is named to direct the White House Office and advise the president.

circular system - correct answers Several of the president's assistants report directly to him. The circular method has the virtue of giving the president a great deal of information, but at the price of confusion and conflict among cabinet secretaries and assistants.

Clinton v. City of New York (1998) - correct answers struck down the Line-Item Veto Act and prevented the president from using a line-item veto

Cold War - correct answers a period of time in which America and Russia were hostile and competed without actually being in a war
