Positive Educational Approaches to Teaching Effectiveness and Student Well-being Hans Henrik Knoop, Mirna Nel, Sufen Chen, Rebecca Shankland, Llewellyn Ellardus Van Zyl, Matthew Cole, 2022-11-08 **The Rise and Fall of Civic Education** Michael Learn, 2024-09-16 Social studies is a field in crisis The crisis stems from failure to establish the very foundation of social studies purpose in public education civic education Social studies advocates have never put forth a coherent method for teaching civic education because policymakers and the public have been unable to agree upon a general definition of civic education This issue has disrupted the field since the early days As educators sought to include civic education within public schools as a dedicated field social studies evolved into a blending of history social sciences and civic education Social studies evolution never resolved the differences between the three with each discipline striving to control the narrative Instead of creating a unified field the disciplines devalued social studies and thus any discipline associated with it **The Rise and Fall of Civic Education The Battle for Social Studies in a Shifting Historical Landscape** investigates the changing definitions and purposes ascribed to social studies in the United States through time This result is viewed through the rising tensions from culture wars as America's divisive politics fight to control the narrative of the disciplines within social studies *The Gamification of Higher Education* N. Niman, 2014-07-17 Instead of thinking about education as the mastery of a body of knowledge where the subject matter becomes the focus of our attention *The Gamification of Higher Education* encourages us to think of it as a process that draws out the best in individuals and prepares them for happy productive and successful lives *Monthly Catalogue, United States Public Documents*, 1985-07 **Lovejoy's College Guide**, 1993 *Physical Activity, Health Equity and Health-Related Outcomes, Volume II* Noel C.
