Anna Sui Andrew Bolton:

Anna Sui Andrew Bolton, 2013-05-07 Anna Sui's trendsetting rock and roll looks have made her one of this decade's top five fashion icons. Time Here in the first book to cover the entire scope of Sui's twenty-year career, fans get rare access to the designer's creative process. This richly visual retrospective celebrates her influence from her first show that snared the support of supermodels Naomi Campbell, Linda Evangelista, Christy Turlington, and Kate Moss to the role she's played in making the babydoll dress one of fashion's most iconic silhouettes. With more than 400 photographs from legendary photographers, this exquisite tome, with a shimmering foil stamped cover, is essential for all fashionistas. **Designing a**

Knitwear Collection Lisa Donofrio-Ferrezza, Marilyn Hefferen, 2017-02-09 Designing a Knitwear Collection is an essential and comprehensive overview of the knitting design and development process. *Fashion Aesthetics and Ethics* Louise Wallenberg, Andrea Kollnitz, 2023-05-04 How are aesthetics and ethics related to the practical realities of the global fashion industry? Both have played an important role in academic fashion studies to this point, but they are most often discussed in the context of abstract phenomena such as modernity and capitalism or identity issues such as sexuality, class, and gender. The essays in this volume strive instead to show how the realities of the global fashion industry have important and pertinent aesthetic and ethical consequences. This collection provides critical and philosophical analysis of the interplay of aesthetics and ethics within the global fashion industry. Characterized by an increasingly fast-spinning production, the industry is highly exploitative in terms of environment and labor force: underpaid textile workers, retailers working under brutal competition from the mass merchandise discounters, young designers, seamstresses, and curators often working for free, and a vast body of aspiring models. In addition, fashion-related aesthetic ideals are becoming more influential than ever in directing consumers in their social and personal identification processes and bodily practices, with sometimes fatal consequences. Covering a wide range of subjects such as fashion's highly problematic production and consumption practices, the possibility of producing and consuming fashion ethically, fashion's intimate connection with nature and technology, *Fashion Aesthetics and Ethics* highlights the powerful aesthetic presence of fashion in relation to its ethical premises and often problematic outcomes.

Fashion and Beauty in the Time of Asia S. Heijin Lee, Christina H. Moon, Thuy Linh Nguyen Tu, 2019-06-03 How transnational modernity is taking shape in and in relation to Asia. *Fashion and Beauty in the Time of Asia* considers the role of bodily aesthetics in the shaping of Asian modernities and the formation of the so-called Asian Century. S. Heijin Lee, Christina H. Moon, and Thuy Linh Nguyen Tu train our eyes on sites as far-flung, varied, and intimate as Guangzhou and Los Angeles, Saigon and Seoul, New York and Toronto. They map the transregional connections, ever-evolving aspirations and sensibilities, and new worlds and life paths forged through engagements with fashion and beauty. Contributors consider American influence on plastic surgery in Korea, Vietnamese debates about the fashionable and the costs and commitments demanded of those who make and wear fast fashion, from Chinese garment workers to Nepalese nail technicians in New York who are

mandated to dress fashionably In doing so this interdisciplinary anthology moves beyond common characterizations of Asians and the Asian diaspora as simply abject laborers or frenzied consumers analyzing who the modern Asian subject is now what they wear and how they work move eat and shop

Above sea Jenny Lin, 2018-11-30 Shanghai long known as mainland China's most cosmopolitan city is today a global cultural capital This book offers the first in depth examination of contemporary Shanghai based art and design from state sponsored exhibitions to fashionable cultural complexes to cutting edge films and installations Informed by years of in situ research the book looks beyond contemporary art's global hype to reveal the socio political tensions accompanying Shanghai's transitions from semi colonial capitalism to Maoist socialism to Communist Party sponsored capitalism Case studies reveal how Shanghai's global aesthetic constructs glamorising artifices that mask the conflicts between vying notions of foreign influenced modernity and anti colonialist nationalism as well as the city's repressed socialist past and its consumerist present
