L.M. Montgomery and Gender E. Holly Pike, Laura M. Robinson, 2021-11-15

The celebrated author of *Anne of Green Gables* and *Emily of New Moon* receives much deserved additional consideration in *L M Montgomery and Gender*. Nineteen contributors take a variety of critical and theoretical positions from historical analyses of the White Feather campaign and discussions of adoption to medical discourses of death and disease explorations of Montgomery's use of humour and the author's rewriting of masculinist traditions. The essays span Montgomery's writing exploring her famous *Anne* and *Emily* books as well as her short fiction her comic journal composed with her friend Nora Lefurgey and less studied novels such as *Magic for Marigold* and *The Blue Castle*. Dividing the chapters into five sections on masculinities and femininities domestic space humour intertexts and being in time *L M Montgomery and Gender* addresses the degree to which Montgomery's work engages and exposes reflects and challenges the gender roles around her underscoring how her writing has shaped future representations of gender. Of interest to historians feminists gender scholars scholars of literature and Montgomery enthusiasts this wide ranging collection builds on the depth of current scholarship in its approach to the complexity of gender in the works of one of Canada's best loved authors.
