Another World Is Possible Another World Is Possible:

Another World Is Possible If . . . Susan George, 2004-09-17 Participants in the worldwide citizens movement for social change and global justice like to proclaim that Another World Is Possible But is it To this popular slogan Susan George adds a cautionary If and suggests how we can indeed reach that other world Whether you are a seasoned campaigner and confirmed world changer someone who wonders how you can join in the growing citizens movement or someone who simply wants to know what this movement is about this book is for you You will discover that we are not condemned to glaring North South inequalities obscene wealth gaps environmental destruction or inordinate power remaining in the hands of a small minority if

Love is Not a Liquid Asset John Faithful Hamer, 2020-04-19 Sex is love s fast forward button If you re normal sooner or later you re going to fall in love with the person you re sleeping with or they re going to fall in love with you whether you like it or not Passionate love as Jonathan Haidt rightly observes in The Happiness Hypothesis 2006 is a drug Its symptoms overlap with those of heroin and cocaine Passionate love alters the activity of several parts of the brain including parts that are involved in the release of dopamine Any experience that feels intensely good releases dopamine and the dopamine link is crucial here because drugs that artificially raise dopamine levels as do heroin and cocaine put you at risk of addiction The feelings we develop for someone we re sleeping with are powerful This is largely a function of oxytocin a hormone normally associated with mother infant bonding In most mammals oxytocin is released solely during breastfeeding where it helps to forge a powerful bond between mother and child But in certain species large quantities of oxytocin are also released during sex where it helps to forge a powerful bond between lovers In Blueprint 2019 Nicholas A Christakis maintains that these modifications of the oxytocin reflex are nothing short of astounding a set of physiological experiences that originally evolved to facilitate mother child bonding have in our species evolved to facilitate and support pair bonding The neural circuits that light up in a woman s brain are similar whether she looks at her baby or her partner Evolution seems to have selected for human neediness This explains the voracious nature of human sexuality Unlike tigers bears and salamanders who only have sex during the mating season we have sex all year round What s more we have a great deal of sex that s clearly not going to result in pregnancy e g gay sex straight sex after menopause etc Sex s primary purpose has long since transcended procreation Sexual desire renders us needy It takes us out of ourselves and into the world making hunters of us all If the greatest friendships fall into our laps serendipitously like the treasure you find buried in your own backyard the greatest loves of our lives are like spoils we bring home from the field of battle **Fusion** Eliza Jane Goes, 2007-09-17 On one level Fusion is the story of 94 year old Gloria Hagberg famous Granny of the Airlifts of 1960s Kenya waiting in the wings while the mixed race son of one of her protgs Barack Obama aims for the presidency of the USA On another level the story of ELLA MACKAY begins when she is six in remote 1953 Scotland EWAN CAMERON inspirational sole teacher of 35 pupils instils a sense of justice and an understanding of human diversity Ella goes to teach in 1968 Kenya leaving her family traumatised

She lands in a kaleidoscopic society of multinational idealistic colleagues earnest African schoolchildren neo colonials frightened Asians religious zealots corrupt politicians and Pan African Socialists Ella gets tangled up via JOHN FRANCIS nephew of the assassinated Pio Gama Pinto in a dangerous plan to prevent the assassination of TOM MBOYA popular possible successor to the President Ella helps to save Mboya's life then later meets him at the home of GLORIA HAGBERG A huge secret is uncovered MIKE KILPATRICK tempts Ella to consider life on a farm in post colonial Kenya His sister NAN maimed during Mau Mau pulls at Ella's heartstrings Both Mike and John propose to Ella but she returns to Scotland The story moves to 2006 7 with the reflections of an older Ella on how migration has and could contribute to cultural fusion Meantime Gloria is watching the USA Presidential campaign If Obama wins it would be more than a triumph for fusion It would be justice

Feminist Policymaking in Turbulent Times Hannah Partis-Jennings,Clara Eroukhmanoff,2024-05-31

Feminist Policymaking in Turbulent Times offers a unique and timely reflection of the critical debates around the institutionalisation of feminist and gender focused ideas and norms into policy Many states and non governmental organisations are increasingly invested in feminist policymaking at the domestic and international levels Yet this liberal feminist agenda is also vastly disputed by critical intersectional and decolonial voices on the one hand and by anti gender movements around the world on the other hand Indeed while opposition to gender ideology is mounting from reactionary religious and secular forces feminist policymaking is also being challenged in important ways from within Thus this book situates feminist policymaking in a challenging and turbulent global context This book explores feminist policymaking in multiple areas of policy examining various gender focused programmes that states and international organisations have undertaken in the last decade offering critical interventions and rethinking the relationship between feminism and policy This book not only reflects on the advances of feminist policymaking globally but also critically assesses the intersectional challenges embedded within it and lying ahead It moves the field forward by creating opportunities based on lived experiences for re imagining the transformative potential of the nexus between feminism and policymaking Interdisciplinary in scope and bringing to the fore the voices of both academics and practitioners this book is the product of an international collaboration forging links and dialogue that are increasingly necessary to question some of the exclusionary militaristic and hierarchical assumptions of policymaking which is labelled as feminist Feminist Policymaking in Turbulent Times will be of interest to all scholars students and practitioners interested in the role of gender in policymaking and concerned with contestations around gender focused projects

The New Europe ,1918 *The Will of the Many* Marianne Maeckelbergh,2009-09-07 Never before has the idea of democracy enjoyed the global dominance it holds today but neoliberalism has left the practice of democracy in deep crisis This book argues that the most promising model for global democracy is not coming from traditional political parties or international institutions but from the global networks of resistance to neoliberal economics known collectively as the Alter

globalisation movement Through extensive ethnography of decision making practices within these movements Maeckelbergh describes an alternative form of global democracy in the making Perfect for activists and students of political anthropology this powerful and enlightening book offers radical changes **Transnationalism and Translation in Modern Chinese, English, French and Japanese Literatures** Ryan Johnson,2020-12-15 The theory of literary worlds has become increasingly important in comparative and world literatures But how are the often contradictory elements of Eastern and Western literatures to cohere in the new worlds such contact creates Drawing on the latest work in philosophical logic and analytic Asian philosophy this monograph proposes a new model of literary worlds that is best suited to comparative literature dealing with Western and East Asian traditions Unlike much discussion of world literature anchored in North American traditions featured here is the transnational work of artists philosophers and poets writing in English French Japanese and Mandarin in the twentieth century Rather than imposing sharp borders this book suggests that vague boundaries link Eastern and Western literary works and traditions and that degrees of distance can better help us to see the multiple dimensions that both distinguish and join together literary worlds East and West As such it enables us to grasp not only how East Asian and Western writers translate one another's works into their own languages and traditions but also how modern writers East and West modify their own traditions in order to make them fit in the new constellation of literary worlds brought about by the complex flow of literary information across twentieth century Eurasia **Potter's American Monthly** ,1881 *Good Sense, Or, Natural Ideas Opposed to Ideas that are Supernatural* Paul Henri Thiry Holbach (baron d'),Jean Meslier,1826 **Ethics and the materialistic conception of history** Karl Kautsky,1909 **The Journal of the National Education Association** National Education Association of the United States,1923 **Canner and Dried Fruit Packer** ,1926 *Digest* ,1923 *The Jesus Christ of J.
