1970s Sara Lorenzini, Umberto Tulli, Iaria Zamburlini, 2021-12-16 During the 1970s human rights took the front stage in international relations fuelling political debates social activism and a reconceptualising of both East West and North South relations Nowhere was the debate on human rights more intense than in Western Europe where human rights discourses intertwined the Cold War and the European Convention on Human Rights the legacies of European empires and the construction of national welfare systems Over time the European Community EC began incorporating human rights into its international activity with the ambitious political will to prove that the Community was a global civilian power This book brings together the growing scholarship on human rights during the 1970s the history of European integration and the study of Western European supranational cooperation Examining the role of human rights in EC activities in Latin America Africa the Mediterranean Eastern Europe and the Soviet Union The Human Rights Breakthrough of the 1970s seeks to verify whether a specifically European approach to human rights existed and asks whether there was a distinctive European voice in the human rights surge of the 1970s The Soviet Union and Cold War Neutrality and Nonalignment in Europe Mark

Kramer, Aryo Makko, Peter Ruggenthaler, 2021-03-22 The Soviet Union and Cold War Neutrality and Nonalignment in Europe examines how the neutral European countries and the Soviet Union interacted after World War II Amid the Cold War division of Europe into Western and Eastern blocs several long time neutral countries abandoned neutrality and joined NATO Other countries remained neutral but were still perceived as a threat to the Soviet Union s sphere of influence Based on extensive archival research this volume offers state of the art essays about relations between Europe s neutral states and the Soviet

Union during the Cold War and how these relations were perceived by other powers Bruno Kreisky's Foreign Policy
 Günter Bischof, Michael Burri, 2025-08-01 Despite his significance the role of Austrian politician Bruno Kreisky remains under
 represented in Anglo American Cold War scholarship Serving as foreign minister from 1959 to 1966 and chancellor from
 1970 to 1983 his political career oversaw seismic developments in both Austria's postwar recovery and broader international
 relations with the Middle East the Communist Bloc and the United States In this enlightening and geographically wide
 ranging reappraisal of his life and legacy Bruno Kreisky's Foreign Policy A Reassessment seeks to reinstate the global
 repercussions of Kreisky's work Ranging from his involvement in the Marshall Plan to his role in the Arab Israeli conflict this
 volume highlights how Kreisky profoundly reshaped the geopolitical landscape of the modern era To Help or Not to Help
 – Humanitarianism in the 20th Century Sarah Knoll, Katharina Seibert, 2024-11-18 Today humanitarianism as a moral
 imperative to help is prevalent especially in the so called Western world The public reacts to natural disasters war or medical
 emergencies with a desire to alleviate suffering But in recent decades historians have begun to critically assess this moral
 perspective and examine humanitarian organizations politics and the motives of humanitarian actors They highlight how
 helping people relieve their suffering is just one side to every humanitarian story Humanitarian actors themselves have their
 own reasons for helping Humanitarian aid evolves in a tense dialectic between people in need and the individual agendas of
 the benevolent saviors This special issue approaches humanitarianism and humanitarian aid from the perspective of such
 benevolent saviors and their agendas and covers different moments in history and geographical regions in the 20th century
 The papers analyze humanitarianism as a reconstruction mission according to civilizing desires as an enabling factor for
 individual professionalization as a power struggle and as a tool for domestic and international policymaking *Österreichs*
