and engaging children's literature. A joyous hum of intention, creativity, and craft enlivened the school day. Today's teachers are often faced with a range of obstacles as new initiatives are embraced, mandates handed down, and scripted programs are purchased. Sometimes teachers must sacrifice the original principles of the writing workshop and lose the creative venue they provide. *Above and Beyond the Writing Workshop* is filled with original writing challenges designed to bring back the spirit of the original writing workshop model and encourage teachers to enhance it with invention, innovation, and inspiration. Teaching creative writing is not only possible but an important process in their instruction. Author Shelley Harwayne invites teachers to keep the workshop spirit alive by encouraging professional conversations on classroom ideas and methods between colleagues. Developing writing cues that allow young writers to be inquisitive, outspoken, and independent. Showing how high quality writing can make a difference. Offering an inspired and stimulating outlet for students to express their passions. Harwayne's book will help teachers encourage students to write the world around them, which can generate more critical thinking and make for a more well-rounded child.

And Then Comes Christmas Tom Brenner, 2024-09-17 A lyrical invitation to watch for signs of the approaching season and revel in the homespun rituals that warm a family celebration. From icicles clinging to roofs and houses strung with colorful lights to visiting Santa and hunting for the perfect tree, this classic in the making celebrates all of the holiday's excitement. Evoking both winter's changes to the world outside and well-loved traditions taking place within, here is a story to encourage readers to curl up with their loved ones and bask in the magic of the Christmas season.

And Then Comes School Tom Brenner, 2024-09-17 Joyful anticipation is in the air as a child observes cues that the first day of school is coming soon. Cooler mornings, cicadas buzzing, apples ripening. Can shopping for school supplies be far behind? The evening before the first day means laying out your outfit, loading up your backpack, and filling a lunch box with your favorite things. When the alarm goes off, there's Dad's extra special breakfast and, of course, some picture taking. Then the feeling of bubbly excitement as you and your friends climb onto a bus ready to see your new classroom and meet your teacher. Whether the reader is a child who is eager to return to school or a younger one trying to imagine what school is like, this upbeat and lyrical ode, the fourth in the *And Then Comes* series, holds sure appeal for returning students and first-timers alike.
