## Chapter I

After lights out, all the animals gather in the big barn to hear old Major communicate his strange dream of the previous night. Before doing so, he imparts his life learnings: that the existence of animals is one of toil and drudgery and that Man is the enemy; if animals are to ever achieve better lives then they must unite against Man. ### Power and Control

Power means to many things:

- political power and government;
- strength, resistance and physical prowess;
- knowledge and wisdom (power to the people).

Power is not in itself a bad thing, but with great power comes great responsibility... who might imagine who would have the right to exercise the control of power? And should it be? There is a... the power of both force and thought, making him even more powerful and controlling than... pigs are only that the real tragedy is that the idea of a... the rest of the farm the... of Snowball and the other four that... is showing it.

It is ironic that Napoleon gains absolute power, which had been the most absolute power.

### Context

As we have already seen, Napoleon's rise to power mirrors that of Stalin, who stepped out of the shadow of more established powers such as Lenin (the first leader of the Soviet Union) and Khrushchev (the second in line). In 1929, Stalin eliminated and replaced his opposition in a campaign of terror that... to have killed between 200,000 and 1,000,000 of his own people. He also replaced the editor of Pravda and began to... the other 100,000,000 Soviet citizens to support him.
