Authentic Blackness “Real” Blackness

Essays on the Meaning of Blackness in Literature and Culture

EDITED BY MARTIN JAPTOK AND RAFIKI JENKINS

Authentic Blackness Authentic Blackness

E. Patrick Johnson

Authentic Blackness Authentic Blackness:

Authentic Blackness/"real" Blackness Martin Japtok, Rafiki Jenkins, 2011 Authentic Blackness Real Blackness explores and explains the idea of authenticity of keeping it real as it relates to the multi faceted meanings of blackness in the United States and the world Including reflections on hip hop comedy literature intellectual history and autobiography the collection gives both a broad overview of and intervenes in the debates concerning blackness A comprehensive introductory essay outlines the history of the idea of authentic blackness while other chapters examine the contours of blackness in Canada and Jamaica the relationship between middle class status and real blackness the link between blackness and hip hop culture Dave Chappelle s comedy and the work of James Baldwin Countee Cullen Clarence Major and John Edgar Wideman as it comments on authenticity in relation to race

Authentic Blackness J. Martin Favor, 1999 Analysis of four Harlem Renaissance texts that challenges our assumptions about the stability of racial identity and investigates the ways those assumptions shape how we have read literature by Black writers

Black Christology and the Quest for Authenticity John H. McClendon III, 2019-05-03 Black Christology and the Quest for Authenticity A Philosophical Appraisal constitutes a philosophical inquiry on Black Theology and its attendant Black Christology Explicitly the philosophical examination of Black Theology conceptually maps its quest for establishing Black Christology as an authentic form within Christian theology This text critically expounds on the methodologies and arguments which guide how Black Theology specifically affirms Black Christology as the definitive paradigm for authentic Christianity Significantly the racialized character of Black Theology immediately sets this discourse within the context of philosophy of race Clearly the philosophy of race in terms of its substance and scope is continually expanding Notably the philosophy of religion in its conceptual association with the African American experience considerably enriches the content of the philosophy of race Therefore Black Christology and the Quest for Authenticity A Philosophical Appraisal stands as a unique contribution to philosophy of race Summarily while this book tackles the formidable problem of Christian theological subject matter nonetheless the reader must be aware that this is not a work executed methodologically in any theological manner inclusive of Christian theology Subsequently while the object of our investigation substantively remains theological in character the method of investigation is guided by philosophical inquiry which is based on secular principles Furthermore although most mainstream works in philosophy of religion along with theology neglect to exam African American theologians and philosophers the subject matter of Black Christology substantially facilitates in filling this intellectual void

That's the Joint! Murray Forman, Mark Anthony Neal, 2004 Spanning 25 years of serious writing on hip hop by noted scholars and mainstream journalists this comprehensive anthology includes observations and critiques on groundbreaking hip hop recordings

Black standup comedy over the past decade as a stage for understanding why notions of racial authenticity in essence appeals to realness and real Blackness emerge as a cultural imperative in African American culture Ethnographic observations and interviews with Black comedians ground this telling providing a narrative arc of key historical moments in the new millennium Readers will understand how and why African American comics invoke realness to qualify nationalist 9 11 discourses and grapple with the racial entailments of the war overcome a sense of racial despair in the wake of Hurricane Katrina critique Michael Richards Kramer s notorious rant at The Laugh Factory and subsequent attempts to censor their use of the n word and reconcile the politics of a real in their own and other Black folks everyday lives Additionally readers will hear through audience murmurs hisses and boos how beliefs about racial authenticity are intensely class wrought and fraught Moreover they will appreciate how context remains ever critical to when and why African American comics and audiences lobby for and or lampoon jokes that differentiate the real from the fake or Black folks from so called niggahs Context and racial vulnerability are critical to understanding how and why allusions to racial authenticity persist in the African American comedic and cultural imagination

Racial Authenticity Processes Motunrayo Olaniyan, 2021 Racial authenticity refers to the social evaluation of an individual s group membership based on their perceived racial similarities to or differences from their racial group While the criteria for determining racial authenticity may be abstract and mutable negative outcomes may still occur for individuals based on whether they are perceived as an authentic member of their racial group Notably perceptions of racial authenticity may be particularly salient among Black college students at predominantly White institutions PWIs due to competing behavioral expectations from Black students as well as non Black students and faculty The present study contributes to prior research on this topic through a validation and test of a novel measure of racial authenticity defined by one s perceived racial similarities to their group racial prototypicality and their experiences of being mistreated by their racial group due to perceived racial differences racial othering Furthermore the study elucidates racial authentication processes among Black students through an examination of how contextual factors contribute to evaluations of authentic Blackness and the extent to which racial authenticity relates to self blame and self esteem Within the study a sample of 136 Black PWI students Mage 20 27 SD 4 14 91 2% female completed an online questionnaire A path analysis revealed that Black students who held more negative views about their racial group low private regard and who had more friends of a different race experienced more stress from racial othering Additionally experiences of racial othering indirectly predicted self esteem through self blame coping These findings have implications for understanding how perceptions of racial authenticity relate to well being among Black PWI students

Channeling Blackness Darnell M. Hunt, 2005 Blackness has always played a central role in the American imagination Therefore it should not be surprising that popular television a medium that grew up with the Civil Rights Movement has featured blackness as both a foil and a key narrative theme throughout its sixty year existence Ironically in modern colorblind times we are faced with a unique turn of events blackness is actually over represented in television sitcoms and dramas *Channeling Blackness* Studies on Television and Race in America presents fifteen classic and contemporary studies of the shifting complex relationship between popular television and blackness Using a variety of methodological and theoretical approaches these essays examine four key issues that have framed popular and scholarly inquiries into the nature of race on television The black white binary The power of media Distinguishing between negative and positive images The relative importance of markets versus racial motives in television Firmly establishing popular television as a central cultural forum in our society *Channeling Blackness* looks at how television has profoundly shaped and been shaped by America's ambivalent relationship with blackness It provides numerous examples of how our current interaction with television distinguishes the lived experiences of today from those of the past The book also shows how the entertainment function of television often masks its ideological purpose particularly its role in reflecting and reproducing America's racial order A useful supplement in any number of courses on race and society *Channeling Blackness* is an ideal text for advanced undergraduate and graduate courses on race and media media and society television studies television criticism communication studies and African American and ethnic studies [Library of Universal History and Popular Science ...](#) Israel Smith Clare, 1910 *The Humboldt Library*, 1886 [Appropriating Blackness](#) E.
