Best, Jeffrey W. Ladewig, 2024-07-05 This book tells the story of the 2020 presidential election campaign exploring how Joe Biden secured the Democratic nomination and defeated Donald Trump in the general election It argues that Democratic Party elites paved the way for Biden's victory enabling him to overcome numerous campaign missteps to defeat one of the largest wealthiest most competitive fields in history It details how elites discouraged potential rivals from entering the race orchestrated rules to truncate the field and steered voters toward Biden's candidacy both directly and indirectly It shows how they helped the Biden campaign overcome early defeats in the first several contests and turn his campaign around And it shows the critical role they played in mobilizing partisans to help Biden win the general election campaign and thwarting efforts to undermine his victory Simply put the book demonstrates that Biden would not have won the White House without maneuvering and manipulation by the Democratic establishment *Beyond the Valley* Ramesh Srinivasan, 2020-09-01 How to repair the disconnect between designers and users producers and consumers and tech elites and the rest of us toward a more democratic internet In this provocative book Ramesh Srinivasan describes the internet as both an enabler of frictionless efficiency and a dirty tangle of politics economics and other inefficient inharmonious human activities We may love the immediacy of Google search results the convenience of buying from Amazon and the elegance and power of our Apple devices but it's a one way top down process We're not asked for our input or our opinions only for our data The internet is brought to us by wealthy technologists in Silicon Valley and China It's time Srinivasan argues that we think in terms beyond the Valley Srinivasan focuses on the disconnection he sees between designers and users producers and consumers and tech elites and the rest of us The recent Cambridge Analytica and Russian misinformation scandals exemplify the imbalance of a digital world that puts profits before inclusivity and democracy In search of a more democratic internet Srinivasan takes us to the mountains of Oaxaca East and West Africa China Scandinavia North America and elsewhere visiting the design labs of

rural low income and indigenous people around the world He talks to a range of high profile public figures including Elizabeth Warren David Axelrod Eric Holder Noam Chomsky Lawrence Lessig and the founders of Reddit as well as community organizers labor leaders and human rights activists To make a better internet Srinivasan says we need a new ethic of diversity openness and inclusivity empowering those now excluded from decisions about how technologies are designed who profits from them and who are surveilled and exploited by them **Are We Screwed?** Geoff

Dembicki,2017-01-01 A declaration of independence and a call for systemic change from the generation that will be most impacted by climate change If anyone doubted the potential political power of the Millennial generation Bernie Sanders campaign put it in the spotlight Are We Screwed makes clear that the ardor for change defines this generation especially when it comes to climate change and they are willing to consider options that their elders might think naive and impractical rejecting a capitalism that cares only about profit and a political system riven by false ideology In telling the stories of his contemporaries around the globe in describing how they think and the many ways they are already effecting change Geoff Dembicki documents a historic shift in values and a corresponding re thinking of how social change can happen As of this year the millennial generation 18 to 34 year olds will become North America s largest demographic It is also the generation that has lived with the looming reality of global warming and will be most affected by its impacts In vividly reported dispatches from Beijing to Paris from San Francisco to New York Dembicki examines what millennial responses to climate change look like and how they are shaping our future He also provides an essential perspective on how climate change is intensifying generational tensions and shifts in society In the process a portrait of a generation emerges that goes a long way toward re branding it in ways that are positive and full of hope for the future [Meet the Candidates 2020: Bernie Sanders](#)

**Rules for Revolutionaries** Becky Bond, Zack Exley, 2016. This work is a bold challenge to the political establishment and the rules that govern campaign strategy. It tells the story of a breakthrough experiment conducted on the fringes of the Bernie Sanders presidential campaign. A technology-driven team empowered volunteers to build and manage the infrastructure to make seventy-five million calls, launch eight million text messages, and hold more than one hundred thousand public meetings in an effort to put Bernie Sanders's insurgent campaign over the top. Fast-paced, provocative, and profound, *Rules for Revolutionaries* stands as a liberating challenge to the low expectations and small thinking that dominates too many advocacy, non-profit, and campaigning organizations and points the way forward to a future where political revolution is truly possible.

***The Fighting Soul*** Ari Rabin-Havt, 2022-04-26. Rabin-Havt offers an intimate portrait of his cranky boss, writing about everything from Sanders's famous mittens to his love of picket lines and Motown songs, to his distaste for the inane droning of cable news commentators, to his prescient fear that Donald Trump was nuts and would upend democracy. Maureen Dowd, New York Times. *The Fighting Soul* is an unforgettable chronicle of life on the road with Bernie Sanders and the first in-depth portrait of this fiercely independent and famously private left-wing firebrand. As a close advisor and deputy campaign manager on Sanders's most recent presidential campaign, the tireless Ari Rabin-Havt spent more hours between 2017 and 2020 with the Vermont senator than anyone else. *The Fighting Soul* is a behind-the-scenes account of Sanders's run, including his heart attack in Las Vegas, his notorious debate encounter with fellow progressive Elizabeth Warren, and a momentous private conversation between Sanders and Barack Obama. Revelatory and heartfelt, *The Fighting Soul* depicts the rare politician motivated by principle, not power.
