Grandparents in a Digital Age Laura Tropp, 2018-11-23 This book investigates the changing culture of grandparenting Depending on the group the period and the family grandparents have been powerful patriarchs and matriarchs reliable second parents dependents burdens or community figures The book examines the history of grandparenting and the changing depiction of grandparent culture from old to hip including the development of the celebrity grandparent the emergence of media technologies that allow for new communication and relationships between grandparents and their grandchildren new rituals associated with grandparenting the growth of the marketing of grandparenting as a new stage of life and the impact on our culture of the commodification of grandparenting Prior to the twentieth century within the United States the idea of the modern grandparent likely did not even exist Many people did not live long enough to reach the grandparent stage of life Today people are living longer and grandparenting is occupying a longer phase in one s life Grandparenting is becoming its own life stage where new rituals exclusive to grandparents are emerging Newer technologies such as Skype Google Hangout and FaceTime allow grandparents who are far away to establish relationships with their children Many grandparents also use social media and blogs to chronicle their experiences Some grandparents have turned their grandparent lifestyle into a business The representation of grandparenting in popular culture is shifting as well Grandparents are becoming their own figures on television and film programs including reality shows Others have been thrust into the public eye across social media Marketers have realized the power of this new consumer subgroup and have begun to direct marketing campaigns to

grandparents Yet despite the pervasive images of grandparents some of which present empowered figures grandparent representation in popular media continues to mimic many of the stereotypes commonly associated with aging encouraging people to laugh at versus laugh with these figures The Third Act Grandparenting in a Digital Age examines grandparenting through history interviews and popular culture to study the changing image of grandparents in society *I Told You So!!* Althea Lewis-Banks,2017-04-06 I decided to publish this book because this election cycle was nothing any of us had ever witnessed before It was a circuspure madness So I made notes I was in constant shock saying to my poor husband Roy Can you believe this After a while I knew he was tuning me out LOL I am what many people would describe as a political junkie I pay attention I follow the campaigns I was a beast I listened and watched as they tricked the uninformed and convinced them to vote against their own interest This time it was the absolute worst The lies were coming fast and furious We were inundated and totally on overdrive The media got caught up in the lies and it was obvious they wanted to create confusion and chaos especially when it came to Hillary I would say they were complicit in the worst election we have ever seen Everyone thought Hillary would win The entire political world including the press had given the election to Hillary She couldnt lose they said She needed to win just one of the toss up states and she would be madam president We were so excited but Comey had other ideas He found some damn e mails from Anthony Weiner and all hell broke loose The media was orgasmic They wanted a real race Elections have become all about making millions of dollars and Hillarys e mails generated a lot of interest especially if Anthony Carlos Danger Weiner was involved The media spent nine days with around the clock reporting on these e mails while Trump was getting billions of dollars worth of free airtime to spread untruths Fox News found the smoking gun they thought and Hillary was once again attacked for being unscrupulous and unworthy of the office Something was fishy with Comey Why would he release the letter to say he found more e mail and not give any further details Poor Hillary Two days before the election Comey sent another letter this time saying Never mind People were angry at Hillary for having the server Some decided to stay home and others decided to vote for someone else Trump won the presidency because of a few different factors Comeys letters just before the election played quite a significant role and now since Trumps win we learned about Russias involvement Poor Hillary never had a chance It was over The men took her down and women stabbed her in her back and never helped her Ugh Congressional Record United States. Our Revolution Bernie Sanders, 2016-11-15 The New York Times bestselling memoir by the longest serving political independent in Congressional history When Bernie Sanders began his race for the presidency it was considered a fringe campaign by the political establishment and the media something not to be taken seriously After all he was just an Independent senator from a small state with little name recognition His campaign had no money and no political organization and it was taking on the entire Democratic Party establishment By the time Sanders's campaign came to a close however it was clear that the pundits had gotten it wrong Bernie had run one of the most consequential campaigns in the modern history of the country He'd received more than 13 million votes in primaries and caucuses throughout the country he won twenty two states and more than 14 million people had attended his public meetings Most important he showed that the American people were prepared to take on the greed and irresponsibility of corporate America and the 1 percent In *Our Revolution* Sanders shares his personal experiences from the campaign trail And for the millions looking to continue the political revolution he outlines a progressive economic environmental racial and social justice agenda that will create jobs raise wages protect the environment and provide health care for all and ultimately transform our country and our world for the better For him the political revolution has just started The campaign may be over but the struggle goes on Includes photographs

Bernie Sanders Guide to Political Revolution Bernard Sanders, Bernie Sanders, 2017-08-29 Adapted for young readers from *Our Revolution* A Future to Believe In this inspiring teen guide to engaging with and shaping the world is from political revolutionary and cultural icon Senator Sanders Illustrations

Where We Go from Here Bernie Sanders, 2018-11-27 The inspiring national bestseller from the U S Senator and leading Democratic candidate for president about the fierce fight for democracy and social justice and what we need to do next In *Where We Go from Here* New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day by day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump's reactionary agenda and for a government that works for all not just wealthy campaign contributors At home Sanders has helped lead the fight for Medicare for all fought for workers desperate for higher wages and supported immigrants in the DACA program and children affected by gun violence He has stood with the people of Puerto Rico devastated by Hurricane Maria as well as veterans teachers the incarcerated the persecuted and all those who are too often ignored by Washington Abroad his voice has been clear that we need a foreign policy that strives for peace not war and international cooperation to address the crisis of climate change The good news is we're making progress People all across America are standing up to the most dishonest and reactionary president in our history They're taking on establishment politicians who've turned a blind

eye to the concerns of everyday citizens They re fighting back against the oligarchs of Wall Street who would happily see our children do worse than their parents so long as the Dow does better And the general public continually demonstrates that we are more united than the media would allow us to believe and what we agree on are largely progressive ideals Maintaining a vibrant democracy has never been easy and in these dangerous and unprecedented times it has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice

Fight Oligarchy Senator Bernie Sanders,2025-09-30 Oligarchy is a system in which a small number of extremely wealthy individuals control the economic political and media life of a nation It is a system in which ordinary people have very little power to determine the future of their country If you re an American it is the system in which you re living That must change In the wealthiest nation on earth we must build a political movement that creates a government that represents all Americans not just a handful of billionaires Bernie Sanders NEW YORK TIMES BESTSELLER Senator Bernie Sanders breaks down the unprecedented crises we face today in Trump s America as Trump undermines democracy at every turn and how we can effectively fight back From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that his message resonated with Americans across the political spectrum Record breaking crowds numbering in the tens of thousands showed up across the country Large numbers of Americans in red states and blue states were prepared to stand up and fight back In this book he shows how we can continue that fight In a series of short pointed

chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy The Evans Book of Dodge County, Georgia Tad Evans,1993 Harvard Business School Bulletin ,1990
