Fight Oligarchy Senator Bernie Sanders, 2025-09-30 Oligarchy is a system in which a small number of extremely wealthy individuals control the economic political and media life of a nation It is a system in which ordinary people have very little power to determine the future of their country If you're an American it is the system in which you're living That must change In the wealthiest nation on earth we must build a political movement that creates a government that represents all Americans not just a handful of billionaires Bernie Sanders NEW YORK TIMES BESTSELLER Senator Bernie Sanders breaks down the unprecedented crises we face today in Trump's America as Trump undermines democracy at every turn and how we can effectively fight back From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that his message resonated with Americans across the political spectrum Record breaking crowds numbering in the tens of thousands showed up across the country Large numbers of Americans in red states and blue states were prepared to stand up and fight back In this book he shows how we can continue that fight In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system Sanders also

discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy **Bigger Than Bernie** Micah Uetracht, Meagan Day, 2021-04-06 Win or lose Bernie has reshaped the landscape of American politics Where does the political revolution go next The political ambitions of the movement behind Bernie Sanders have never been limited to winning the White House Since Bernie first entered the presidential primaries in 2016 his supporters have worked to organize a revolution intended to encourage the active participation of millions of ordinary people in political life That revolution is already underway as evidenced by the massive growth of the Democratic Socialists of America the teachers Bernie motivated to lead strikes across red and blue states and the rising new generation of radicals in Congress led by Alexandria Ocasio Cortez and Ilhan Omar inspired by his example In Bigger than Bernie activist writers Meagan Day and Micah Uetracht give us an intimate map of this emerging movement to remake American politics top to bottom profiling the grassroots organizers who are building something bigger and more ambitious than the career of any one candidate As participants themselves Day and Uetracht provide a serious analysis of the prospects for long term change offering a strategy for making political revolution more than just a campaign slogan They provide a road map for how to entrench democratic socialism in the halls of power and in our own lives Bigger than Bernie offers unmatched insights into the people behind the most unique campaign in modern American history and a clear eyed sense of how the movement can sustain itself for the long haul Where We Go from Here Bernie Sanders, 2018-11-27 The inspiring national bestseller from the U S Senator and leading Democratic candidate for president about the fierce fight for democracy and social justice and what we need to do next In Where We Go from Here New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day by day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump s reactionary agenda and for a government that works for all not just wealthy campaign contributors At home Sanders has helped lead the fight for Medicare for all fought for workers desperate for higher wages and supported immigrants in the DACA program and children affected by gun violence He has stood with the people of Puerto Rico devastated by Hurricane Maria as well as veterans teachers the incarcerated the persecuted and all those who are too often ignored by Washington Abroad his voice has been clear that we need a foreign policy that strives for peace not war and international cooperation to address the crisis of climate change The good news is we re making progress People all across America are standing up to the most dishonest and reactionary president in our history They re taking on establishment politicians who ve turned a blind eye to the concerns of everyday citizens They re fighting back against the oligarchs of Wall Street who would happily see our children do worse than their parents so long as the Dow does better And the general public continually demonstrates that we

are more united than the media would allow us to believe and what we agree on are largely progressive ideals Maintaining a vibrant democracy has never been easy and in these dangerous and unprecedented times it has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice
