Bernie or Bust @BernieOrBust, Patrick Walker, 2018-01-30 *Bernie or Bust* By BernieOrBust with Patrick Walker Author BernieOrBust and Patrick Walker started the Bernie or Bust movement of 2016 This book is an effort to tell the story of how they accomplished this feat and to correct the record of distortion created by the media about the movement The authors include a manifesto for their movement going forward They want readers to understand the need for revolution in the U S and to join the leverage movement *Bernie or Bust* *Pioneers of Electoral Revolt* provides a unique look at the initiation and operation of a grassroots political campaign that gives a remarkably nuts and bolts picture which will be of interest to other activists to voters and to all those who want to better comprehend the provocative dynamics of the recent election **"I fart in your general direction!"** Don H. Corrigan, 2023-08-03 This exhaustive work on flatulence breaks new wind on every aspect of abdominal gas in popular culture A definitive taxonomy of farts details the characteristics of each variety including barking spiders cheek squeakers and green apple dirties Philosophical positions on colonic expression are examined from Confucius Hume Voltaire and the existentialists Chapters cover a wide range of fart focused stand up comedy cinema children s books toys and merchandise The author s postscript describes a lifetime preparing for his subject through fraternity membership and offbeat assignments as a newspaper journalist **Suicide of the West** Jonah Goldberg, 2020-01-14 *NEW YORK TIMES BESTSELLER* An urgent argument that America and other democracies are in peril because they have lost the will to defend the values and institutions that sustain freedom and prosperity Now updated with a new preface Epic and debate shifting David Brooks *New York Times* Only once in the last 250 000 years have humans stumbled upon a way to lift ourselves out of the endless cycle of poverty hunger and war that defines most of history If democracy individualism and the free market were humankind s destiny they should have appeared and taken hold a bit earlier in the evolutionary record The emergence of freedom and prosperity was nothing short of a miracle As Americans we are doubly blessed because the radical ideas that made the miracle possible were written not just into the Constitution but in our hearts laying the groundwork for our uniquely prosperous society Those ideas are Our rights come from God not from the government The government belongs to us we do not belong to it The individual is sovereign We are all captains of our own souls not bound by the circumstances of our birth The fruits of our labors belong to us In the last few decades these political virtues have been turned into vices As we are increasingly taught to view our traditions as a system of oppression exploitation and privilege the principles of liberty and the rule of law are under attack from left and right For the West to survive we must renew our sense of gratitude for what our civilization has given us and rediscover the ideals and habits of the heart that led us out of the bloody muck of the past or back to the muck we will go *Culture Wars* Roger Chapman, 2010 Although openness and inclusion are cornerstones of life in the United States intolerance and reactionary politics are also very real As the nation prepares to elect a new president *The Culture Wars* addresses the key defining issues

of contemporar *Searching for Marx in the Occupy Movement* John Leveille,2017-11-22 Searching for Marx in the Occupy Movement is a critical participant observation study of the Philadelphia branch of the Occupy Wall Street movement John Leveille spent over nine months with Occupy Philadelphia as the members organized and carried out their protests This book describes and analyzes the rise the organization and the demise of this group The important events and activities of Occupy Philadelphia are discussed and dissected with specific attention given to the confusions and chaos that permeated this group and Occupy Wall Street more generally which contributed to its rather rapid decline A revisionist Marxism informed loosely by the critical theory of the Frankfurt school is used here to understand and explain the happenings of this protest group The theory provides an epistemological and methodological framework for this study and it is also used to account for the observed behaviors Leveille argues that an essential conflict between humanism and the forces of rational capitalism lies at the heart of this protest movement This conflict contributed both to the rise of Occupy and to its operations It was manifested in two intersecting ways One of these concerns the destabilization of the self in contemporary capitalism which provided fuel for the movement The second revolves around the limited abilities of existing institutional arrangements to manage or channel the essential conflicts related to values that are produced by rational capitalism Ultimately Searching for Marx in the Occupy Movement makes a controversial claim that the movement was as much if not more about democracy morality and the organization and experience of the self and of social life as it was about economic matters The argument is made that Occupy was as much an expressive movement as it was an instrumental one It was expressing contradictions produced by capitalism through extra institutional means because the existing institutional arrangements have been and continue to be unable to manage or contain them [Toppling Trump](#) Samuel J. Best,Jeffrey W. Ladewig,2024-07-05 This book tells the story of the 2020 presidential election campaign exploring how Joe Biden secured the Democratic nomination and defeated Donald Trump in the general election It argues that Democratic Party elites paved the way for Biden s victory enabling him to overcome numerous campaign missteps to defeat one of the largest wealthiest most competitive fields in history It details how elites discouraged potential rivals from entering the race orchestrated rules to truncate the field and steered voters toward Biden s candidacy both directly and indirectly It shows how they helped the Biden campaign overcome early defeats in the first several contests and turn his campaign around And it shows the critical role they played in mobilizing partisans to help Biden win the general election campaign and thwarting efforts to undermine his victory Simply put the book demonstrates that Biden would not have won the White House without maneuvering and manipulation by the Democratic establishment *Larry Fink* Larry Fink,2025-01-28 Larry Fink Hands On A Passionate Life of Looking is a 424 page encapsulation of Larry Fink s master photos accompanied by insightful essays from Lucy Sante Stephen Shore Graydon and Ash Carter Yolanda Cuomo Martha Posner and publisher Daniel Power Larry Fink Hands On A Passionate Life of Looking offers an unprecedented overview of Fink s career and his profound influence in the Lisette Model world under whom he was
