## **Bernie Sanders Warren:**

**The Rebels** Joshua Green, 2024-01-09 One of the best and most readable overviews of the Democrats evolution on economic issues over the past half century The Wall Street Journal Fast paced sober yet hopeful Green is a first rate journalist The Atlantic One of Politico s 10 books we re looking forward to in 2024 From the author of the 1 New York Times bestseller Devil s Bargain comes the revelatory inside story of the uprising within the Democratic Party of the economic populists led by Elizabeth Warren Bernie Sanders and Alexandria Ocasio Cortez In his classic book Devil s Bargain Joshua Green chronicled how the forces of economic populism on the right led by the likes of Steve Bannon turned Donald Trump into their flawed but powerful vessel In The Rebels he gives an epic account of the long struggle that has played out in parallel on the left told through an intimate reckoning with the careers of the three political figures who have led the charge most prominently Based on remarkable inside sourcing and razor sharp analysis The Rebels uses the grand narrative of a political party undergoing tumult and transformation to tell an even larger story about the fate of America For many years as Green recounts the Democrats made their bed with Wall Street and big tech relying on corporate money for electioneering and embracing the worldview that technological and financial innovation and globalization were a powerful net good a rising tide lifting all boats Yes there were howls of pain but they were written off by most of the elites as the moaning of sore losers mired in the past There were always some Democratic politicians representing the old labor base who resisted the new dispensation but these figures never made it very far on a national level For one thing they didn t have the money But as income inequality ballooned widening the gulf between the wealthy elite and everyone else pressures began to build With the 2008 crisis those forces finally erupted into plain sight turning this book s protagonists into national icons At its heart The Rebels tells the riveting human story of the rise and fight of Elizabeth Warren Bernie Sanders and Alexandria Ocasio Cortez from the financial crisis on as outrage over the unfairness of the American system formed a flood tide of political revolution That same tide that would sweep Trump into office was blunted on the left as the Democratic party found itself riven by culture war issues between its centrists and its progressives But the winds behind economic populism still howl at gale force Whether the Democrats can bridge their divisions and home in on a vision that unites the party and perhaps even the country in the face of the most violently deranged political landscape since the Civil War will be the ultimate test of the legacies of all three characters A masterful account of one of the defining political stories of our age The Rebels cements Joshua Green s stature at the first rank of American writers explaining how we ve arrived at this pass and what lies ahead

**The Capitalist Comeback** Andrew Puzder, 2018-04-24 Andy Puzder the former CEO of Carl s Jr and Hardee s says that capitalism is not a dirty word and thankfully President Trump understands this his pro business policies will bring back economic growth and secure our future As a successful CEO in the restaurant industry Andy Puzder uniquely understands how important the profit motive is to our country s ultimate prosperity Furthermore as the grandson of immigrants the son of

a car salesman and someone who worked his way up from earning minimum wage to running an international business he has a first hand view of how America's exceptional capitalist spirit can lift everyone to success In 2016 the American people faced a stark choice between two very different presidential candidates Hillary Clinton spent most of her adult life involved in politics and promised to uphold and advance the progressive legacy of President Barack Obama who had first won the White House on promises to spread the wealth around Donald Trump on the other hand came from the business world was an unabashed capitalist used his own personal wealth as inspiration and promised simply to Make America Great Again By choosing Trump over Clinton the American people put a stop to decades of government expansion under progressive leadership and they might just have saved our economy by doing so America was once a land where everyone was encouraged to seek their fortune the more prosperous our citizens the more our whole society could in turn prosper But leftist forces in the United States have been seeking to tarnish the pursuit of prosperity and to paint profit as an evil motivation fit only for greedy plutocrats Andrew Puzder understands this first hand after a progressive smear campaign stopped him from joining President Trump's cabinet As Puzder explains in his new book *The Capitalist Comeback* this was an act of desperation from a left wing facing irrelevance with a pro business president in the White House From its roots in the Progressive Era to labor unions to education to entertainment to its political resurgence with avowed socialist candidates such as Bernie Sanders Puzder traces the development of the anti profit forces in the United States and shows how under President Trump they can be vanquished for good

2020 the Campaign Chronicles JD Foster, 2021-02-17 The 2020 campaign began with the 2016 election of Donald J Trump and effectively rendered a verdict on his presidency The Democartic Party sifted through a small army of worthies to defeat Trump and in former Vice President Joe Biden they found their champion Biden claimed the nomination following a phoenix like rise propelled by a miraculous South Carolina primary victory Backed by the party establishment and the mainstream media Biden s weak campaign proved sufficient by a handful of votes in a handful of states and leaving Biden with little mandate other than to avoid being like Trump The story of the 2020 election is in part a story of America and the Trump presidency a stormy marriage of highs and lows shaped by contrived investigations into Russian government interference a failed impeachment a welcomed intolerance for sexual harassment the exposure of deep racial divisions highlighted by widespread and often violent rioting accompanied by a re

examination of the role of the police a strong economy until crushed by the coronavirus pandemic and then the pandemic tragedy itself The Trump presidency's four years astounded for better or for worse depending on point of view This book chronicles the 2020 election and thus the events that shaped the election over the course of four years written contemporaneously to capture the flavor of the moment praising and criticizing Trump and his many antagonists in equal measure Those enamored of the former president will find succor and outrage as will those who delighted in his defeat Those seeking to understand what happened will find the reading interesting infuriating and perhaps in places illuminating

**Toppling Trump** Samuel J. Best, Jeffrey W. Ladewig, 2024-07-05 This book tells the story of the 2020 presidential election campaign exploring how Joe Biden secured the Democratic nomination and defeated Donald Trump in the general election It argues that Democratic Party elites paved the way for Biden's victory enabling him to overcome numerous campaign missteps to defeat one of the largest wealthiest most competitive fields in history It details how elites discouraged potential rivals from entering the race orchestrated rules to truncate the field and steered voters toward Biden's candidacy both directly and indirectly It shows how they helped the Biden campaign overcome early defeats

in the first several contests and turn his campaign around And it shows the critical role they played in mobilizing partisans to help Biden win the general election campaign and thwarting efforts to undermine his victory Simply put the book demonstrates that Biden would not have won the White House without maneuvering and manipulation by the Democratic establishment

*Lucky* Jonathan Allen, Amie Parnes, 2021-03-02 The inside story of the historic 2020 presidential election and Joe Biden's harrowing ride to victory from the 1 New York Times bestselling authors of *Shattered* the definitive account of Hillary Clinton's 2016 campaign Almost no one thought Joe Biden could make it back to the White House not Donald Trump not the two dozen Democratic rivals who sought to take down a weak front runner not the mega donors and key endorsers who feared he could not beat Bernie Sanders not even Barack Obama The story of Biden's cathartic victory in the 2020 election is the story of a Democratic Party at odds with itself torn between the single minded goal of removing Donald Trump and the push for a bold progressive agenda that threatened to alienate as many voters as it drew In *Lucky* 1 New York Times bestselling authors Jonathan Allen and Amie Parnes use their unparalleled access to key players inside the Democratic and Republican campaigns to unfold how Biden's nail biting run for the presidency vexed his own party as much as it did Trump Having premised his path on unlocking the Black vote in South Carolina Biden nearly imploded before he got there after a relentless string of misfires left him freefalling in polls and nearly broke Allen and Parnes brilliantly detail the remarkable string of chance events that saved him from the botched Iowa caucus tally that concealed his terrible result to the pandemic lockdown that kept him off the stump where he was often at his worst More powerfully *Lucky* unfolds the pitched struggle within Biden's general election campaign to downplay the very issues that many Democrats believed would drive voters to the polls especially in the wake of Trump's response to nationwide protests following the murder of George Floyd Even Biden's victory did not salve his party's wounds instead it revealed a surprising complicated portrait of American voters and crushed Democrats belief in the inevitability of a blue wave A thrilling masterpiece of political reporting *Lucky* is essential reading for understanding the most important election in American history and the future that will come of it
