America in the Age of Trump Douglas E. Schoen, Jessica Tarlov, 2017-07-04 America in the Age of Trump is a bracing essential look at the failure of a great nation to meet the needs of its people and the challenges of the age and the resulting collapse of public trust in government as well as a pervasive crisis of national values from broken families to a loss of faith in the American idea itself This crisis of values occurs just as the country faces an unprecedented array of fiscal economic social and national security challenges out of control federal spending frighteningly large deficits massive gaps of income and opportunity cultural division and a dangerous world in which American power seems increasingly incidental In America in the Age of Trump Douglas E Schoen

and Jessica Tarlov offer a definitive and unique assessment of a nation in turmoil looking beneath well known problems to identify underlying yet poorly understood causes Readers will confront the crises one by one of trust values and governance of education economic opportunity and fiscal solvency of national security domestic tranquility and race relations America in the Age of Trump gathers in one place a clear and comprehensive evaluation of the fundamental issues confronting the American future while offering bold fresh approaches to meeting these challenges Other books have described the specter of American decline but none has been so comprehensive in its diagnosis or forward looking and non ideological in its remedies explaining how we might yet overcome national self doubt to reclaim our traditional optimism reassert our place in the world and secure a prosperous future for our citizens Be Free or Not Be Free A. Y. Ph.D.,S. Y. Ph.D.,2020-11-19

Be Free Or Not Be Free is a discourse on the socialist freedom and how freedom in some socialist countries is really exercised It discusses many freedoms that socialism and the socialists often address to the people Freedom from Exploitations Freedom from Oppressions Freedom from Economic Deprivations Freedom from Inequalities Freedom from Many Burdens Freedom from Unhappiness Freedom from Nightmares and Freedom from Captivities Readers would discover that those promises of freedom are highly exalted and presented by the socialist leaders yet in reality people in socialist countries could hardly enjoy those freedoms but they would see and experience corruptions through social ownership suppressions through big government economic deprivations through wealth distributions and inequalities through egalitarian society They also see many distortions evil abuses of power and limited freedom Be Free Or Not Be Free also reveals that the Scandinavian countries are not the socialist countries but they are the strong democratic countries with high tax high value of labor and strong free market enterprises It is not the socialist economic system but the capitalist economic operation that brings about the economic prosperity and great social welfares to the citizens of these Scandinavian countries Be Free Or Not Be Free also discusses the attempts of many democrats leftists and socialists in trying to deny the Christian faith Christian contributions Christian practices and Christian influences and how President Donald J Trump and his Administration turns the situations around as they try to repeal the Johnson s Amendment remove taxpayers money from funding abortions by Planned Parenthood and restore many Christian practices in public

Amazon and its iconoclast founder In Amazon Unbound Brad Stone presents an excellent The New York Times deeply reported vividly drawn portrait of how a retail upstart became of the most powerful and feared entities in the global economy Stone also probes the evolution of Bezos himself who started as a geeky technologist totally devoted to building Amazon but who transformed to become a fit disciplined billionaire with global ambitions who ruled Amazon with an iron fist even as he found his personal life splashed over the tabloids Definitive timely and engaging Jon Meacham author of The Soul of America Stone has provided an unvarnished portrait of a man and company that we couldn't imagine modern life without 2016: the Campaign Chronicles JD Foster, 2019-10-08 The 2016 campaign ended with Donald J Trump as president elect of the United States astounding just about everyone More than two dozen candidates had vied for the two parties nominations leaving Trump and former Secretary of State Hillary Clinton Her flaws standing in rough proportion to her strengths Clinton had been the presumed Democratic nominee though Bernie Sanders had nearly upended her run In contrast Trump's capturing the Republican nomination seemed preposterous before and after the fact The campaign overall was far more than the result It was a long tumultuous outrageous frolic of American politics The Campaign Chronicles was written contemporaneously with events as they happened so as to capture the sense of each amazing if horrific moment Even weeks after the election the country remained stunned by the outcome which as we learned foretold of a presidency unlike any before it But before the presidency there was a campaign about which many histories will be written But before the histories must come the chronicling history stripped of faded memories and coherent perspective Herewith such a chronicling written from a determinedly neutral posture presenting the good with the bad for all concerned **The Michigan Journal** ,2003
