Bernie Bros Gone Woke Marc James Léger, 2022-03-28 In 2016 and 2020 the Bernie Sanders campaign gave American leftists a path towards social change through electoral politics In order to combat neoliberal and reactionary uses of identity the 2020 Sanders campaign combined a working class agenda of universalist policies with various forms of social movement activism In doing so it compromised on universalist principles and socialist radicalism in order to appeal to distinct demographic groups and win the election Bernie Bros Gone Woke reveals how intersectional politics contributed to the failure of the Sanders campaign a lesson that the organized left must learn if it is to challenge progressive neoliberalism and move beyond postmodern post politics Anarchism and Social Revolution Brian Williams, 2023-09-30 This monograph provides an update to anarchist philosophy advocating for a paradigm shift beyond neoliberalism and liberal democracy The book's central thesis has two components First it is argued that the maximization of equal liberty requires historical progress beyond the sovereign state system In contrast to Fukuyama's 1992 argument that liberal democracy is the end of history it is argued that liberalism contains two contradictions socioeconomic inequality and the shortcoming in equal liberty inherent to state power with the potential to propel history further This book's argument libertarian social democracy provides a framework to guide that final stage of history Second while anarchist philosophy offers a vision beyond the sovereign state it can be rendered more suitable as an alternative paradigm Specifically it is argued that anarchism is hampered by its traditional adherence to prefigurative strategy according to which the state cannot be used as a means to achieve a free and equal society By contrast libertarian social democracy incorporates a role for a democratic transitional state described here as gradualist anarchism thus addressing mainstream Hobbesian concerns about bad anarchy where decentralization yields a net loss in equal liberty In so doing the book reveals the full spectrum of anarchist strategy from prefigurative to gradualist
