Fight Oligarchy Senator Bernie Sanders, 2025-09-30 Oligarchy is a system in which a small number of extremely wealthy individuals control the economic political and media life of a nation It is a system in which ordinary people have very little power to determine the future of their country If you're an American it is the system in which you're living That must change In the wealthiest nation on earth we must build a political movement that creates a government that represents all Americans not just a handful of billionaires Bernie Sanders NEW YORK TIMES

BESTSELLER Senator Bernie Sanders breaks down the unprecedented crises we face today in Trump's America as Trump undermines democracy at every turn and how we can effectively fight back From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that his message resonated with Americans across the political spectrum Record breaking crowds numbering in the tens of thousands showed up across the country Large numbers of Americans in red states and blue states were prepared to stand up and fight back In this book he shows how we can continue that fight In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a

president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy **Vermont History** ,2016
