A Leftist Critique of the Principles of Identity, Diversity, and Multiculturalism Richard Anderson-Connolly,2019-06-18 Identity politics is a lightning rod in American society To both its progressive supporters and conservative critics it is seen as defining the agenda of the Left Both sides are wrong Identity politics is not a leftist project Instead it enables the neoliberal political economy that has caused historic levels of inequality and triggered repression and mass incarceration to deal with the social wreckage Identity politics is a form of biological essentialism impeding morality built upon universal humanism and politics built upon solidarity Unlike the conservative assaults this book avoids the trivial and silly pronouncements of identity politics a term generally avoided in the work as loaded and pejorative It challenges the following key principles of the Identity Diversity and Multiculturalism Program Diversity as Justice the most important struggle for justice today is increasing the representation throughout society of individuals from historically marginalized groups by ending discrimination on the grounds of race gender sexual orientation and similar characteristics Colorblindness as Racism race neutral solutions to the problems caused by racism are harmful to blacks Race as Culture members of different races specifically blacks and whites in the United States belong to different cultures Culture as Virtue cultures should be respected and celebrated This book forcefully argues that none of these tenets is or rather should be a leftist commitment For progressives who accept the principles it poses a challenge How do you defend them from a leftist critique one that does not deny the continuing significance of discrimination rather than from the weaker attacks of conservatives For those on the Right this work represents a threat Once leftists return to their core commitments they will form a powerful movement for political and economic change

Suburban Socialism Oly Durose,2022-01-11 Reflecting on his own landslide loss in conservative suburbia Oly Durose asks how we can transform the urban outskirts of the status quo into centres of transformative change In December 2019 Oly Durose lost by over 25 000 votes as the Labour Party Parliamentary Candidate for Brentwood Ongar Revealing what it s like to stand on a socialist

platform in one of the safest Conservative seats in the UK this book makes the case for socialism in the suburbs unveils the challenges of its electoral realisation and proposes a strategic revolution required to win Suburban Socialism asks what it would be like to bring white picket fences under collective control instead To convince suburbanites of this radical alternative inside the electoral arena this book argues that we must revolutionise our strategy outside of it From the aftermath of the Industrial Revolution to the shockwaves of the metropolitan youthquake socialism has predominantly been framed as an urban struggle Identifying the possibilities for suburban resistance this book offers a more geographically inclusive invitation to the socialist struggle revealing why the suburban struggle is global in scale Turning a suburb that shares from a hopeless fantasy into an electoral reality Suburban Socialism illustrates why the path to socialism around the world is through the heterogenous suburban terrain
