Bernie Sanders Highlights:

Meet the Candidates 2020: Bernie Sanders Scott Dworkin, 2019-06-11 What is democratic socialism Educate yourself on Bernie Sanders the liberal independent from Vermont and the 2016 underdog turned 2020 Democratic favorite Bernie Sanders shocked the establishment in 2016 with his self described political revolution mobilizing grassroots fundraising and campaigning to nearly secure the Democratic nomination over Hillary Clinton even in the face of Democratic National Convention opposition The Vermont senator and longest serving independent in congressional history hopes to do the same with a better result in 2020 Meet the Candidates 2020 Bernie Sanders A Voter s Guide will help you decide if Sanders s brand of democratic socialism is for you and if he is the right candidate to take on Donald Trump A vocal critic of Donald Trump Sanders advocates for sweeping reform single payer universal health care labor and economic inequality reform taxes on the wealthy the Green New Deal marijuana legalization free higher education Sanders has had an undeniable influence on how campaigns are run and has moved the Democratic party to the left but how will his liberal platforms play in a Democratic primary and against Trump in a general election After reading Meet the Candidates 2020 Bernie Sanders A Voter s Guide you ll be able to analyze those chances explain his positions and decide if they are what you believe is right for America The Meet the Candidates 2020 series is the informed voter s guide to making a decision in the 2020 Democratic primary and presidential election Each book gives an unbiased political insider s analysis of each contender featuring candidate interviews an introduction by campaign advisor Democratic Coalition co founder and Dworkin Report host Scott Dworkin and compilation and writing by Occupy Democrats Editor at Large Grant Stern In two hours of reading you ll understand their defining characteristics credentials campaign issues challenges presidential chances and everything else you need to know to decide who should challenge Donald Trump Whether it s for Elizabeth Warren Joe Biden Bernie Sanders Kamala Harris Julian Castro Cory Booker or another Meet the Candidates is what you need to make an informed vote for president in 2020 The Sinking Middle Class David Roediger, 2022-06-21 The Sinking Middle Class challenges the save the middle class rhetoric that dominates our political imagination The slogan misleads us regarding class nation and race Talk of middle class salvation reinforces myths holding that the US is a providentially middle class nation Implicitly white the middle class becomes viewed as unheard amidst supposed concerns for racial justice and for the poor Roediger shows how little the US has been a middle class nation The term seldom appeared in US writing before 1900 Many white Americans were self employed but this social experience separated them from the contemporary middle class of today overwhelmingly employed and surveilled Today s highly unequal US hardly qualifies as sustaining the middle class The idea of the US as a middle class place required nurturing Those doing that ideological work from the business press to pollsters to intellectuals celebrating the results of free enterprise gained little traction until the Depression and Cold War expanded the middle class brand Much later the book s sections on liberal strategist Stanley Greenberg detail saving the middle class entered presidential politics

Both parties soon defined the middle class to include over 90% of the population precluding intelligent attention to the poor and the very rich Resurrecting radical historical critiques of the middle class Roediger argues that middle class identities have so long been shaped by debt anxiety about falling and having to sell one's personality at work that misery defines a middle class existence as much as fulfillment *Cracks in the Wall* Ben White,2018-05-20 After decades of occupation and creeping annexation the situation on the ground in Palestine Israel can only be described as a system of apartheid Peace efforts have failed because of one inconvenient truth the Israeli maximum on offer does not meet the Palestinian minimum or the standards of international law But while the situation on the ground is bleak Ben White argues that there are widening cracks in Israel's traditional pillars of support Opposition to Israeli policies and even critiques of Zionism are growing in Jewish communities as well as amongst Western progressives The election of Donald Trump has served as a catalyst for these processes including the transformation of Israel from a partisan issue into one that divides the US establishment Meanwhile the Palestinian led boycott campaign is gathering momentum prompting a desperate backlash by Israel and its allies With sharp analysis Ben White says now is the time to plot a course that avoids the mistakes of the past a way forward beyond apartheid in Palestine The solution is not partition and ethnic separation but equality and self determination for all
