Deceiving America Thomas Moore, 2024-09-24 In *Deceiving America* Thomas Moore delivers a powerful examination of how progressive policies are fundamentally transforming the United States and not for the better Drawing from historical context and contemporary examples Moore methodically reveals how today's progressive movement mirrors dangerous totalitarian systems of the past From critical race theory being integrated into public education to radical criminal justice reforms that have increased violent crime Moore presents a compelling case that progressive Democrats are undermining American freedoms He explores how media propaganda federal overreach and the weakening of constitutional protections are creating a society increasingly controlled by government authority rather than individual liberty Moore's analysis tackles controversial topics like gun legislation the COVID 19 response escalating urban crime and the indoctrination of American schoolchildren with ideological concepts instead of essential skills Drawing parallels between current progressive tactics and the failed socialist regimes of history he warns that America stands at a critical crossroads Written with conviction and deeply researched *Deceiving America* offers conservatives and concerned Americans a clear-eyed view of the challenges facing the nation's founding principles Moore's urgent warning will resonate with readers looking to understand and counteract the progressive agenda reshaping American institutions If you enjoyed *American Marxism* by Mark Levin *The Authoritarian Moment* by Ben Shapiro and *Culture Jihad* by Todd Starnes you'll love *Deceiving America*

Economic Dignity Gene Sperling, 2021-10-12 Timely and important It should be our North Star for the recovery and beyond Hillary Clinton Sperling makes a forceful case that only by speaking to matters of the spirit can liberals root their belief in economic justice in people's deepest aspirations in their sense of purpose and self-worth *The New York Times* When Gene Sperling was in charge of coordinating economic policy in the Obama White House he found himself surprised when serious people in Washington told him that the Obama focus on health care was a distraction because it was not focused on the economy How he asked was the fear felt by millions of Americans of being one serious illness away from financial ruin not considered an economic issue Too often Sperling found that we measured economic success by metrics like GDP instead of whether the economy was succeeding in lifting up the sense of meaning purpose fulfillment and security of people In *Economic Dignity* Sperling frames the way forward in a time of wrenching change and offers a vision of an economy whose guiding light is the promotion of dignity for all Americans

Toppling Trump Samuel J. Best, Jeffrey W. Ladewig, 2024-07-05 This book tells the story of the 2020 presidential election campaign exploring how Joe Biden secured the Democratic nomination and defeated Donald Trump in the general election It argues that Democratic Party elites paved the way for Biden's victory enabling him to overcome numerous campaign missteps to defeat one of the largest wealthiest most competitive fields in history It details how elites discouraged potential rivals from entering the race orchestrated rules to truncate the field and steered voters toward Biden's candidacy both directly and indirectly It shows how they helped the Biden campaign overcome early defeats

in the first several contests and turn his campaign around And it shows the critical role they played in mobilizing partisans to help Biden win the general election campaign and thwarting efforts to undermine his victory Simply put the book demonstrates that Biden would not have won the White House without maneuvering and manipulation by the Democratic establishment **The Hotline** ,1991-07 *Buying Rx Drugs Online* Kate Chase,2005 The Internet can provide several cost saving alternatives for the purchase of prescription drugs Without adequate information however it can also be a dangerous alternative Buying Rx Drugs Online serves as a smart consumer guide for anyone who is considering going online for medications It covers the full range of the online pharmaceutical experience explaining both the benefits and the dangers as well as why medical professionals should be kept in the loop It examines the convenience and consequences of buying prescription and even some non prescription medication through the Internet It offers valuable tips and advice regarding what to look for in judging the legitimacy of these sites and how you can verify the medications you receive **Code Red** E.J. Dionne,2020-02-04 An exquisitely timed book Code Red is a worthwhile exploration of the shared goals and shared enemies that unite moderates and progressives But more than that it is a sharp reminder that the common ground on which Dionne built his career has been badly eroded with little prospect that it will soon be restored The New York Times Book Review New York Times bestselling author and Washington Post columnist E J Dionne Jr sounds the alarm in Code Red calling for an alliance between progressives and moderates to seize the moment and restore hope to America s future for the 2020 presidential election Will progressives and moderates feud while America burns Or will these natural allies take advantage of the greatest opportunity since the New Deal Era to strengthen American democracy foster social justice and turn back the threats of the Trump Era The United States stands at a crossroads Broad and principled opposition to Donald Trump s presidency has drawn millions of previously disengaged citizens to the public square and to the ballot boxes This inspired and growing activism for social and political change hasn t been seen since the days of Franklin Roosevelt s New Deal policies and the Progressive and Civil Rights movements But if progressives and moderates are unable and unwilling to overcome their differences they could not only enable Trump to prevail again but also squander an occasion for launching a new era of reform In Code Red award winning journalist E J Dionne Jr calls for a shared commitment to decency and a politics focused on freedom fairness and the future encouraging progressives and moderates to explore common ground and expand the unity that brought about Democrat victories in the 2018 elections He offers a unifying model for furthering progress with a Politics of Remedy Dignity and More one that solves problems resolve disputes and moves forward that sits at the heart of the demands for justice by both long marginalized and recently displaced groups and that posits a positive future for Americans with more covered by health insurance more with decent wages more with good schools more security from gun violence more action to roll back climate change Breaking through the partisan noise and cutting against conventional wisdom to provide a realistic look at political possibilities Dionne offers a strategy for progressives and

moderates to think more clearly and accept the responsibilities that history now imposes on them Because at this point in our national story change can t wait *Home Power* ,2009 *Congressional Record* United States. Congress,2017-06-08
