**Where We Go from Here** Bernie Sanders, 2018-11-27 The inspiring national bestseller from the U S Senator and leading Democratic candidate for president about the fierce fight for democracy and social justice and what we need to do next In *Where We Go from Here* New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day by day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump s reactionary agenda and for a government that works for all not just wealthy campaign contributors At home Sanders has helped lead the fight for Medicare for all fought for workers desperate for higher wages and supported immigrants in the DACA program and children affected by gun violence He has stood with the people of Puerto Rico devastated by Hurricane Maria as well as veterans teachers the incarcerated the persecuted and all those who are too often ignored by Washington Abroad his voice has been clear that we need a foreign policy that strives for peace not war and international cooperation to address the crisis of climate change The good news is we re making progress People all across America are standing up to the most dishonest and reactionary president in our history They re taking on establishment politicians who ve turned a blind eye to the concerns of everyday citizens They re fighting back against the oligarchs of Wall Street who would happily see our children do worse than their parents so long as the Dow does better And the general public continually demonstrates that we are more united than the media would allow us to believe and what we agree on are largely progressive ideals Maintaining a vibrant democracy has never been easy and in these dangerous and unprecedented times it has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice

by a re examination of the role of the police a strong economy until crushed by the coronavirus pandemic and then the pandemic tragedy itself The Trump presidency s four years astounded for better or for worse depending on point of view This book chronicles the 2020 election and thus the events that shaped the election over the course of four years written contemporaneously to capture the flavor of the moment praising and criticizing Trump and his many antagonists in equal measure Those enamored of the former president will find succor and outrage as will those who delighted in his defeat Those seeking to understand what happened will find the reading interesting infuriating and perhaps in places illuminating
