debates *Rhetoric and Governance under Trump* Bernd Kaussler, Lars J. Kristiansen, Jeffrey Delbert, 2020-07-09 *Rhetoric and Governance under Trump* Proclamations from the Bullshit Pulpit analyzes the rhetoric of Donald Trump to argue that Trump's deeply illiberal rhetoric, cruel policies, corruption, disruptive foreign policy, and disdain for the rule of law makes him a textbook populist. However, his embrace of mainstream conservative policies and the culture war narratives that come with them made him a rather conventional Republican. Being more plutocrat than populist, Trump had to bridge this fundamental contradiction by employing populist and polarizing rhetoric alongside fabricated crises to uphold the veneer of being an anti status quo politician. Bernd Kaussler, Lars J. Kristiansen, and Jeffrey Delbert argue that for Trump, bullshit confrontational politics and fear has emerged as a vital political strategy. Through an analysis of Trump's first three years in office, the authors find that President Trump governed using a communication strategy that a) denied facts, relied heavily on bullshit lies, and fabricated counter narratives; b) attacked news outlets and the opposition to foster identity based polarization in order to sideline critics and stir up factions for specific political ends; and c) dismissed legitimate criticism of policies and the conduct of the administration and the president himself as fake news. Kaussler, Kristiansen, and Delbert argue that the repeated use of this strategy along with a mixture of public complacency and concerted efforts on the part of his own party has allowed Trump to work toward normalizing these lies and cover ups throughout his tenure, only further exacerbating the highly polarized and partisan political environment in the United States. Scholars of rhetoric, communication, political science, and media studies will find this book particularly useful. *Sociometrics and Human Relationships* Peter A. Gloor, 2017-05-04 *Sociometrics and Human Relationships* translates the latest academic research into practical business strategies and techniques for social network analysis. This essential new title is key reading for students and practitioners across marketing, design, sociology, psychology, and the humanities, and comes with a free academic license of Condor. *Beyond Contempt* Erica Etelson, 2019-12-10 A guide to productive dialogue across ideological divides with practical tools for building trust, defusing hostility, and approaching hot button topics. With the election of President Biden, many liberals thought that the world of political discourse would somehow go back to normal. But the continued extremism of Republican politicians and conservative pundits has only stoked the flames of progressive disdain in ways that make it harder than ever to engage in civil debate. In *Beyond Contempt*, Erica Etelson shows us how to communicate effectively across the political divide without soft pedaling our beliefs or playing into the hands of divisive politicians. Using Powerful Non Defensive Communication skill sets, we can express ourselves in ways that inspire open minded consideration instead of triggering defensive reactions. With detailed instruction and helpful examples, Etelson demonstrates how we can open hearts and minds in unexpected ways. *The Nation*, 2009 **New York**, 2008-07 *Access*, 1986 *Promise and Performance of American Democracy* Jon R.
