## **Bernie Sanders June 9:**

*The Making of the President 2016* Roger Stone, 2017-01-31 In the tradition of Theodore White's landmark books the definitive look at how Donald J Trump shocked the world to become president From Roger Stone a New York Times bestselling author longtime political adviser and friend to Donald Trump and consummate Republican strategist comes the first in depth examination of how Trump's campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming In the early hours of November 9 2016 one of the most contentious polarizing and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J Trump to concede shocking a nation that had only hours before given little credence to his chances Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media Stone a long time Trump retainer and confidant gives us the inside story of how Donald Trump almost single handedly harnessed discontent among Forgotten Americans despite running a guerrilla style grass roots campaign to compete with the smooth running and free spending Clinton political machine From the start Trump's campaign was unlike any seen on the national stage combative maverick and fearless Trump's nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security Here Stone outlines how Donald Trump skillfully ran as the anti Open Borders candidate as well as a supporter of American sovereignty and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters The veteran adviser to Nixon Reagan and Trump charts the rise of the alt conservative media and the end of the mainstream media monopoly on voter impacting information dissemination This is an insider's view that includes studying opposition research into Bill Hillary and Chelsea Clinton's crimes and the struggle by the Republican establishment to stop Trump and how they underestimated him Stone chronicles Trump's triumph in three debates where he skillfully lowered expectation levels but skewered Mrs Clinton for the corruption of the Clinton Foundation her mishandling of government email and her incompetence as Secretary of State Stone gives us the inside word on Julian Assange Wikileaks Clinton campaign chief John Podesta Huma Abedin Anthony Weiner Carlos Danger Doug Band Jeffery Epstein and the efforts to hide the former first lady's infirmities and health problems Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e mails released by Wikileaks came from the Russians The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton's weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of Americans desperately wanted change Stone also reveals how and why the mainstream media got it wrong including how the polls were loaded and completely misunderstood who would vote Stone's analysis is akin to Theodore H White's seminal book The Making of the President 1960 It is both a sweeping analysis of the trends that

elected Trump as well as the war stories of a hard bitten political survivor who Donald Trump called one tough cookie

**Spite** Simon McCarthy-Jones,2021-04-13 Spite angers and enrages us but it also keeps us honest In this provocative account a psychologist examines how petty vengeance explains human thriving Spite seems utterly useless You don t gain anything by hurting yourself just so you can hurt someone else So why hasn t evolution weeded out all the spiteful people As psychologist Simon McCarthy Jones argues spite seems pointless because we re looking at it wrong Spite isn t just what we feel when a car cuts us off or when a partner cheats It s what we feel when we want to punish a bad act simply because it was bad Spite is our fairness instinct an innate resistance to exploitation and it is one of the building blocks of human civilization As

McCarthy Jones explains some of history's most important developments the rise of religious governments and even moral codes were actually redirections of spiteful impulses A provocative engaging read Spite shows that if you really want to understand what makes us human you can't just look at noble ideas like altruism and cooperation You need to understand our darker impulses as well **The Polling Report**,1998 *Catalog of Copyright Entries* Library of Congress.
