In Levittown's Shadow Tim Keogh, 2024-05-31 Named one of the best nonfiction books of 2023 by Publishers Weekly There is a familiar narrative about American suburbs after 1945 white residents left cities for leafy affluent subdivisions and the prosperity they seemed to embody In Levittown's Shadow tells us there's more to this story offering an eye opening account of diverse poor residents living and working in those same neighborhoods Tim Keogh shows how public policies produced both suburban plenty and deprivation and why ignoring suburban poverty doomed efforts to reduce inequality Keogh focuses on the suburbs of Long Island home to Levittown often considered the archetypal suburb Here military contracts subsidized well paid employment welding airplanes or filing paperwork while weak labor laws impoverished suburbanites who mowed lawns built houses scrubbed kitchen floors and stocked supermarket shelves Federal mortgage programs helped some families buy orderly single family homes and enter the middle class but also underwrote landlord efforts to cram poor families into suburban attics basements and sheds Keogh explores how policymakers ignored suburban inequality addressing housing segregation between cities and suburbs rather than suburbanites demands for decent jobs housing and schools By turning our attention to the suburban poor Keogh reveals poverty wasn't just an urban problem but a suburban one too In Levittown's Shadow deepens our understanding of suburbia's history and points us toward more effective ways to combat poverty today

Terror of Neoliberalism Henry A. Giroux, 2018-03-29 This book argues that neoliberalism is not simply an economic theory but also a set of values ideologies and practices that works more like a cultural field that is not only refiguring political and economic power but eliminating the very categories of the social and political as essential elements of democratic life Neoliberalism has become the most

dangerous ideology of our time Collapsing the link between corporate power and the state neoliberalism is putting into place the conditions for a new kind of authoritarianism in which large sections of the population are increasingly denied the symbolic and economic capital necessary for engaged citizenship Moreover as corporate power gains a stranglehold on the media the educational conditions necessary for a democracy are undermined as politics is reduced to a spectacle essentially both depoliticizing politics and privatizing culture This series addresses the relationship among culture power politics and democratic struggles Focusing on how culture offers opportunities that may expand and deepen the prospects for an inclusive democracy it draws from struggles over the media youth political economy workers race feminism and more highlighting how each offers a site of both resistance and transformation

a transformation could be led by a Bronx bartender volunteering for Bernie in her spare time The world as it was when that campaign began is almost unrecognizable today and the Squad has both shaped and been shaped by the seismic social cultural and political changes underway Referred to informally as the Squad led by the preternaturally politically savvy Alexandria Ocasio Cortez the group laid down a marker for an aggressive left wing agenda Grim takes you behind the scenes as that new energy makes impact with Washington and the Squad spends as much time fending off assaults from Donald Trump who regularly singled them out and led chants of send them back at rallies as they did battling their own party's sclerotic leadership As they've grown in office they've had to contend with the eternal question that confronts outsiders who power their way into the inside Are they still radical organizers willing and able to lead a political revolution Jewish Currents ,1999
