Moving Past Marriage Jaclyn Geller, 2023-05-09 A must read for anyone who has felt they are at a disadvantage simply because they are single or unmarried Married Americans enjoy over 1 000 benefits and entitlements that are withheld from our non marital counterparts Health insurance immigration rights tax privileges such as the estate tax and hiring policies favor the married Marriage is subsidized and incentivized by the federal government Social customs such as blockbuster weddings subsidized honeymoons and gifts reserved for wedded couples reify matrimony as a centering norm and further the idea that marriage is best a commonplace in popular psychology where marriage averse people are often tarred as commitment phobes Despite this blatant and widespread prejudice non marital Americans non marital people have not galvanized as a group to demand equality and inclusion Why Moving Past Marriage argues that it is because of our troubled relationship to history As women s history once was non marital history has been buried so that the disenfranchisement that non marital people share in wedlock dominated societies as well as our remarkable far ranging achievements have been hard to spot In recovering our own history non marital people can become self aware as a group and begin to challenge marriage centric thinking and practice

*Socialism: A Lie Full of Hope* John Herbstreith, 2020-03-26 Every day Americans hear of its equality its fairness its superiority The it is socialism All the while we re told that the free market is rigged uncaring misogynistic unfair unjust and racist We re told that socialism can fix all of this by taking from the rich and giving to the poor and that all we have to do to find peace equality to end sexism racism to save the planet to find utopia is to replace the free market with socialism Though few can describe it a growing number of people call themselves socialists The media Burn for Bernie and lavish praise on AOC Hate filled divisive virtue signaling hypocritical rhetoric is ignored by many in the media that agree with the spin Proselytizing on their behalf it

s supposed to be a common sense message of compassion spread by television bias web results streaming platforms college professors the news politicians as well as Hollywood It s no surprise that the movement has spread like a cancer through a one sided debate full of misinformation This book offers explanations as to why many often well meaning people are turning to socialism It focuses mostly on economics and why socialism falls short of a free market But it also discusses the pervasive bias that surrounds nearly every aspect of our daily lives It looks at the reality of outcomes between capitalism and socialism It focuses on the hypocrisy of America s new democratic socialists I explain why the free market is actually the proven and more moral system To keep it simple I do this through the use of basic statistics economics history current events and relatable stories As a father veteran MBA classical liberal and an all around history and economics nerd I felt compelled to speak up about this subject Our future depends on others understanding basic economics and the dangers of socialism before the promotion of free thought and the free exchange of goods and ideas is a relic of the past
