**Why America Didn't Become Great Again** Robert Chernomas, Ian Hudson, 2025-04-22 Examining the conditions that not only blocked attempts to make America great again but also actively made the country worse Why America Didn't Become Great Again identifies those organizations institutions politicians and prominent characters in the forefront of the economic and social policies ultimately asking who is responsible The period from the late 1970s to 2020s became the best of times for America's corporate class As profits grew along with the wealth and income that they delivered for their stockholders and management their goal was to set new rules for the rest of us to live by with a clear class agenda Institutions have been organized government policies reoriented and economists journalists and politicians recruited funded and promoted And so it has not been the best of times for working families as inequality stagnant wages debt and ever longer working hours became their fate This book critically analyzes those who very deliberately set out to implement policies enacted at the state and federal level in order to redistribute wealth and income upwards and change the balance of power in the United States in response to the class gender and racial challenges that resulted in compressed income and wealth differentials before the 1980s An essential book on contemporary inequality in America Why America Didn't Become Great Again surveys the past near half century that resulted in American economic instability and inequality environmental crisis a crumbling physical and harmful social infrastructure among the very worst health outcomes child poverty food insecurity and social mobility of the industrialized countries culminating in a Trump regime and the road to further ruin **Solidarity** Leah Hunt-Hendrix, Astra Taylor, 2025-08-26 A VULTURE BEST BOOK From renowned organizers and activists Leah Hunt Hendrix and Astra Taylor comes the first in depth examination of Solidarity not just as a rallying cry but as potent political movement with potential to effect lasting change A DAYTON LITERARY PEACE PRIZE FINALIST A window into what is possible when we reject the politics of division trade individualism for interconnectedness and prioritize coming together for the greater good Heather McGhee author of The Sum of Us What Racism Costs Everyone Reads at once like a moral treatise and a rallying manifesto a call to reflect and lock arms The Washington Post Solidarity is often invoked but it is rarely analyzed and poorly understood Here two leading activists and thinkers survey the past present and future of the concept across borders of nation identity and class to ask how can we build solidarity in an era of staggering inequality polarization violence and ecological catastrophe Offering a lively and lucid history of the idea from Ancient Rome through the first European and American socialists and labor organizers to twenty first century social movements like Occupy Wall Street and Black Lives Matter Hunt Hendrix and Taylor trace the philosophical debates and political struggles that have shaped the modern world Looking forward they argue that a clear understanding of how solidarity is built and sustained and an awareness of how it has been suppressed is essential to warding off the many crises of our present right wing backlash irreversible climate damage widespread alienation loneliness and despair Hunt Hendrix and Taylor insist that solidarity is both a principle and a

practice one that must be cultivated and institutionalized so that care for the common good becomes the central aim of politics and social life **Our Fight for America** Michael Savage,2020-09-15 In the follow up to the 1 New York Times bestseller Trump s War Michael Savage makes the case for President Trump in 2020 America rolled into 2020 like a juggernaut with the strongest economy in its history and a renewed leadership role on the world stage President Trump was cruising to reelection on the strength of record low unemployment phase one of a historic trade deal and a more stable Middle East after the defeat of ISIS Then catastrophe struck A novel coronavirus originating in Wuhan China swept the world taking hundreds of thousands of lives and wreaking economic and social destruction As America battled to its feet and prepared to reopen its economy the tragic death of George Floyd at the hands of a police officer lit a powder keg of political tension waiting to explode after months of lockdown As the November elections approach America is at war with itself to decide if it will remain a land of freedom and opportunity or whether a radical new vision will emerge Americans are searching for answers Was the American lockdown necessary to defeat Covid 19 or was it a politically motivated strategy to harm President Trump s reelection chances Does the death of George Floyd represent a systemic problem with American police or is the Left exploiting the tragedy for political purposes Where does legitimate protest end and insurrection begin A trained scientist who studied epidemiology for his PhD and one of America s most popular conservative radio hosts for the past twenty six years Dr Michael Savage is uniquely positioned to answer these burning questions In OUR FIGHT FOR AMERICA THE WAR CONTINUES Savage cuts through the propaganda and noise to present a clear analysis of the crises and the political and scientific motivations behind them Michael Savage tells the truth even when nobody wants to hear it and presents a clear vision of what Americans must do to survive our most turbulent period in decades

*Deceiving America* Thomas Moore,2024-09-24 In Deceiving America Thomas Moore delivers a powerful examination of how progressive policies are fundamentally transforming the United States and not for the better Drawing from historical context and contemporary examples Moore methodically reveals how today s progressive movement mirrors dangerous totalitarian systems of the past From critical race theory being integrated into public education to radical criminal justice reforms that have increased violent crime Moore presents a compelling case that progressive Democrats are undermining American freedoms He explores how media propaganda federal overreach and the weakening of constitutional protections are creating a society increasingly controlled by government authority rather than individual liberty Moore s analysis tackles controversial topics like gun legislation the COVID 19 response escalating urban crime and the indoctrination of American schoolchildren with ideological concepts instead of essential skills Drawing parallels between current progressive tactics and the failed socialist regimes of history he warns that America stands at a critical crossroads Written with conviction and deeply researched Deceiving America offers conservatives and concerned Americans a clear eyed view of the challenges facing the nation s founding principles Moore s urgent warning will resonate with readers looking to understand and

counteract the progressive agenda reshaping American institutions If you enjoyed American Marxism by Mark Levin The Authoritarian Moment by Ben Shapiro and Culture Jihad by Todd Starnes you ll love Deceiving America **The Marginalized Majority** Onnesha Roychoudhuri,2018-07-10 This book is a daring intervention to get us back in the game and a witty delightfully personal meditation on collective power Naomi Klein The energy on the left has never been higher But because there are so many issues to tackle each one more urgent and divisive than the next some say progressives will once again fail to seize the moment and gain real power But what if we re getting the story all wrong In The Marginalized Majority Onnesha Roychoudhuri makes the galvanizing case that our plurality of identities is not only our greatest strength but is also at the indisputable core of successful progressive change throughout history From the civil rights movement to the Women s March mainstream media to Saturday Night Live Roychoudhuri illuminates how historical narratives are written and by holding the myths about our disenfranchisement up to the light reveals we have far more power than we re often led to believe With both clear eyed hope and electrifying power she examines our ideas about what s possible and what s necessary opening up space for action new realities and ultimately survival Now Roychoudhuri urges us is the time to fight like the majority we already are

**Focus On: 100 Most Popular 20Th-century American Politicians** Wikipedia contributors, **Red Army** Aaron Klein,Brenda J. Elliott,2011-11-01 In Red Army Aaron Klein and Brenda J Elliot bestselling authors of The Manchurian President expose the nexus of radical socialist groups shaping the presidential agenda of Barack Obama and reveal how their plan to transform America is already well underway A truly eye opening work of investigative reporting Red Army is filled with startling revelations about Obama s healthcare legislation the shocking misuse of federal stimulus money the existence of a powerful Marxist socialist bloc in Congress and much more It is a book that every concerned American must read

**Bushopedia** Bill Potts,2006-06 Bushopedia deals with the corruption and many depredations of the Bush administration the Republican Party Republicans in Congress right wing organizations hypocrisy and on and on It does so with wit wry humor and the words of Bush himself including quite a few of his famous Bushisms and many others Readers have found it to be useful both as a reference and as a narrative that can be read straight through for entertainment and information

**Maximum Rocknroll** ,2003 *Take the Rich Off Welfare* Mark Zepezauer,2004 Just in time to add fuel to the 2004 elections comes an all new edition of this widely popular expos of those who feed on the public trough In the eight

years since Take the Rich Off Welfare was first published the total amount of taxpayers money going to subsidize corporations and rich individuals has grown from about 448 billion to over 800 billion and the tax payments coming from those flush companies and individuals continues to shrink In this greatly expanded and updated version Mark Zepezauer explains how programs once intended to profit the public now benefit only the corporate bottom line A prolific writer of humorous but cutting analyses of government policy Zepezauer provides us with tools to expose the political chicanery of current and past administrations [Hydrogen & Fuel Cell Letter](#) ,2004 [American Government](#) Karen O'Connor,Larry

Sabato,2004 **The Strange Death of Liberal America** Ralph Brauer,2006-05-30 Ralph Brauer defines Liberal America as a place where government exists to keep the playing field level The success of the American experiment he argues depends on how well we maintain this equity and its four cornerstones economic justice educational equity voting rights and media fairness His book is both a political and intellectual history examining the various threats to these cornerstones and a social and cultural chronicle Touching on music television movies and sports Brauer s thesis is underscored by a historical discussion that begins with the New Deal and works its way to the present ending with Global Warming and the Iraq War Arguing that the patient is in intensive care Brauer identifies three reasons for the decline of the level playing field 1 a Republican counterrevolution dedicated to rolling back the values of the New Deal 2 an inability of both parties to answer questions raised by decades of Civil Rights revolutions and 3 the transformation of suburban America from a place of opportunity created by government programs to a battleground These three ideas form the basis for the book s three sections Part One follows the development of the Counterrevolutionary Coalition beginning with the Southern Strategy and ending with a chapter on America s politicized media Part Two focuses on questions that have been raised by people of color and by women and treats the Democratic Party s failure to answer those questions as illustrated by events like the Nader LaDuke campaign and the 1964 Atlantic City convention Part Three details the impact of suburban America on the cornerstones
