Bernie Sanders Pennsylvania:

What Happened to Bernie Sanders Jared H. Beck, 2018-03-06 For the first time the definitive answer to the relative disappearance of Bernie Sanders and his political revolution in our new Trumpocracy One year into Donald Trump's presidency the US 2016 presidential election is still being fought by both parties As the case of Russian hacking and collusion is investigated and Hillary Clinton desperately attempts to explain What Happened to her and why she lost a more important question one haunted by shadowy tactics and campaign double dealing rings out What happened to Bernie Sanders Jared H Beck Esq the lawyer suing the Democratic National Committee and Debbie Wasserman Schultz for collusion and fraud for conspiring as a whole to make sure Hillary Clinton was the Democratic presidential candidate has now written the book on what truly transpired during the Democratic primaries and National Convention What Happened to Bernie Sanders is organized in sections Democracy Demands the Truth Stories with No Fingerprints A Bankrupt Institution Rule of Law Demands Consequences Using uncovered documents and other primary sources Beck shows that Bernie Sanders lost to Hillary Clinton because he never had a chance to win He illustrates how a web of forces emanating from elite interests through the mainstream media and Democratic political establishment and fronted by the Democratic National Committee operated to ensure that Clinton would secure the nomination The story of the 2016 Democratic primaries is not one of being stronger together or making America great again it is one of how corruption has critically eroded America's political institutions to the point of crippling democracy itself

Donald Trump and American Populism Conley Richard S. Conley, 2020-06-18 Dissecting the populist leadership style of President Donald Trump Places Trump's presidential leadership style within a comparatively historical and political development theoretical framework Considers Trump's use of social media as a form of public politics that represents an adaptation of presidential communication style to new technology while rebuffing the traditional bully pulpit Assesses the impact of Trump's negative rhetoric and efforts to challenge if not delegitimize other national institutions Courts Congress question media truthfulness and his personalization of political opponents Employs case studies to weigh Trump's political strategy from mobilizing grassroots support to foreign diplomacy This book evaluates the presidency of Donald Trump from a comparative historical approach to connect his populist style to his predecessors Trump's method of communication through social media obviously differs from previous candidates and presidents with populist platforms but his themes a disdain for elites grassroots support majoritarianism anti intellectual discourse and nativism borrow variably from such figures as Andrew Jackson Huey Long Barry Goldwater and Ross Perot As such Trump's approach to governance falls within a long tradition of populism dating to the 19th Century
