Focus On: 100 Most Popular 20Th-century American Politicians Wikipedia contributors, On Populist Brazil Maximilian Weiss,2020-08-19 Seminar paper from the year 2020 in the subject Politics Region Middle and South America grade 1 0 Free University of Berlin language English abstract Populism has become a central issue of focus for mainstream discourse The past decade has seen a worldwide rise of populist movements a phenomenon that has attracted much discussion The role of the digital revolution in this process is an aspect that has generated particular interest In Social media and populism an elective affinity 2018 Paolo Gerbaudo affirms the existence of an elective affinity between social media and populist movements To develop his thesis the author presents two different frameworks First he argues for social media as the people s voice where he points to a decline of the mainstream media MSM which has formed a vacuum for new online actors to emerge with an anti establishment rhetoric coupled with a rebellious attitude that has characterised internet behaviour Second he argues for social media as the people s rally where he explores the mass networking capabilities of social media and their disposition to favor populist actors *Frank Leslie's Popular Monthly* Frank Leslie,1882 **Popular Periodical Index** ,1990 Where We Go From Here Bernie Sanders,2018-11-27 During his campaign for President in 2016 Senator Bernie Sanders stated over and over again that the future of America was dependent upon its willingness to start a political revolution Real change never occurs from the top down it always happens from the bottom up That s what he said when he ran for President and that s what he believes now more than ever At a time of massive and growing wealth inequality with the US moving closer and closer to an oligarchic form of society and in the shadow of the most reactionary Presidency in the history of the Republic Sanders is calling for an unprecedented grassroots political movement to stand up to the greed of the billionaire class and the politicians they own And the good news is progress is being made In this important new book America s most popular political figure speaks about what he s been doing to oppose the Trump agenda and strengthen the progressive movement how America can go forward as a nation and the impact that can have on the global stage In an era that leaves many would be liberal and progressive voters feeling frustrated about politics Bernie Sanders shows what he stands for not just what he stands against In this book he details the core values of the progressive movement and translates them into the actions that will truly uplift the nation and the world **Annual Editions: American Government** Bruce Stinebrickner,2006-03 Aims to provide access to articles selected from the best of the public press Organizational features of this work include an annotated listing of selected World Wide Web sites and table of contents a topic guide a general introduction brief overviews for each section an index and an instructor s resource guide with testing materials *The Brown & Benchmark Reader in American Government, 1992* Jeffrey M.
