Bernie Sanders Reddit:

Are We Screwed? Geoff Dembicki, 2017-01-01 A declaration of independence and a call for systemic change from the generation that will be most impacted by climate change If anyone doubted the potential political power of the Millennial generation Bernie Sanders campaign put it in the spotlight Are We Screwed makes clear that the ardor for change defines this generation especially when it comes to climate change and they are willing to consider options that their elders might think naive and impractical rejecting a capitalism that cares only about profit and a political system riven by false ideology In telling the stories of his contemporaries around the globe in describing how they think and the many ways they are already effecting change Geoff Dembicki documents a historic shift in values and a corresponding re thinking of how social change can happen As of this year the millennial generation 18 to 34 year olds will become North America s largest demographic It is also the generation that has lived with the looming reality of global warming and will be most affected by its impacts In

vividly reported dispatches from Beijing to Paris from San Francisco to New York Dembicki examines what millennial responses to climate change look like and how they are shaping our future He also provides an essential perspective on how climate change is intensifying generational tensions and shifts in society In the process a portrait of a generation emerges that goes a long way toward re branding it in ways that are positive and full of hope for the future

Estimating the Impact of Political Propaganda on

Reddit Users' Political Opinions Alexander James Richardson, 2020 This paper applies supervised aggregated sentiment analysis and fixed effects models to comments on the popular social media platform Reddit to assess the impact of digital propaganda on users' sentiments toward politicians ahead of the 2016 U.S. election. While some studies have attempted to quantify the impact of digital propaganda, none have been successful so far. Reddit also remains an under-studied source of information about political opinions online and especially the impact of propaganda. For this paper, I used a set of accounts on Reddit that had been identified as having engaged in coordinated, inauthentic behavior starting before the 2016 election that are believed to originate with Russia's Internet Research Agency, the body behind a significant portion of digital propaganda aimed at interfering with U.S. politics. Users who responded to posts made by these accounts formed my treatment group, and users who did not but who had used Reddit in similar ways formed my synthetic control group. A fixed effects model varying over time at the quarter level helped to further limit the impact of any time-invariant systematic differences between groups. As was commonly believed, it appears that exposure to propaganda predicted greater favorable comments about Donald Trump and fewer favorable comments about Hillary Clinton. However, contrary to expectations, I found no evidence of a shift in favorability toward Sen. Bernie Sanders, indicating that the IRA focused primarily on the two main candidates rather than using the senator as a wedge issue to divide potential democratic voters. *Fight Oligarchy* Senator Bernie

Sanders, 2025-09-30 Oligarchy is a system in which a small number of extremely wealthy individuals control the economic, political, and media life of a nation. It is a system in which ordinary people have very little power to determine the future of their country. If you're an American, it is the system in which you're living. That must change. In the wealthiest nation on earth, we must build a political movement that creates a government that represents all Americans, not just a handful of billionaires. Bernie Sanders' NEW YORK TIMES BESTSELLER Senator Bernie Sanders breaks down the unprecedented crises we face today in Trump's America as Trump undermines democracy at every turn and how we can effectively fight back. From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration, it was clear that his

message resonated with Americans across the political spectrum Record breaking crowds numbering in the tens of thousands showed up across the country Large numbers of Americans in red states and blue states were prepared to stand up and fight back In this book he shows how we can continue that fight In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy

Crashing the Party Heather Gautney,2018-05-01 Senator Bernie Sanders won 13 million votes and a majority of young voters in the 2016 Democratic primary giving a consensus unbeatable party favorite Hillary Clinton a shockingly close challenge He emerged from the presidential election as the most popular politician in the US despite being a 75 year old self professed democratic socialist What lessons can be drawn from this surprising but in the end losing campaign and what to make of the direction the Sanders movement has gone since the election Vermont native Heather Gautney is a senior policy advisor to Bernie Sanders in his Washington DC office and was a senior researcher on his presidential campaign The author and editor of several books on social movements and American politics she brings her scholarly expertise and left politics to bear on the scenes and conflicts she witnessed from inside the campaign and inside the Beltway This is both an insider's sympathetic view of the Sanders phenomenon and a skeptical left scholar's view of its limitations In reviewing what enabled Sanders to reach out to an unprecedented number of people with a socialist message she draws lessons about the prospects and perils of building a leftist movement in the United States Gautney's reflections on the role that race and class played in this election cycle and analysis of the prospects and perils of the Democratic Party will advance the passionate debate over how to build a progressive opposition to Trump and a lasting left movement in America

Outsider in the House Bernie Sanders,1998-09-17 The inside scoop on Washington from the only Independent in Congress Bernie Sanders: In His Own Words Chamois Holschuh,2015-09-29 Here is a collection of the most salient hard hitting no nonsense quotes that have made Bernie Sanders the beloved leader of our revolution The longest serving independent in US congressional history Sanders currently serves as US senator from Vermont and is in the race for the Democratic Party's nomination for president Hundreds of thousands of people across the country are flocking to Sanders's events to hear his wisdom on political corruption distribution of wealth international relations immigration health care reform climate change education and equality Now fans and critics alike can hear what Bernie has to say just by picking up this book Known for his firm opinions

on the economy health care and the environment Bernie Sanders is a self declared democratic socialist He has called for free state college and university tuition spoken out against Wall Street practices insisted on increasing the minimum wage and demanded tax reform He has proposed significant health care reforms championed causes for veterans and senior citizens and urged the government to address climate change in a proactive manner A political revolution his campaign slogan befits his assertion that the country is in need of an overhaul economically socially and politically As his grassroots campaign continues to explode his social media presence flourishes and his events are attended in record breaking numbers

Feel the Bern **Bigger Than Bernie** Micah Uetrich,Meagan Day,2021-04-06 Win or lose Bernie has reshaped the landscape of American politics Where does the political revolution go next The political ambitions of the movement behind Bernie Sanders have never been limited to winning the White House Since Bernie first entered the presidential primaries in 2016 his supporters have worked to organize a revolution intended to encourage the active participation of millions of ordinary people in political life That revolution is already underway as evidenced by the massive growth of the Democratic Socialists of America the teachers Bernie motivated to lead strikes across red and blue states and the rising new generation of radicals in Congress led by Alexandria Ocasio Cortez and Ilhan Omar inspired by his example In Bigger than Bernie activist writers Meagan Day and Micah Uetrich give us an intimate map of this emerging movement to remake American politics top to bottom profiling the grassroots organizers who are building something bigger and more ambitious than the career of any one candidate As participants themselves Day and Uetrich provide a serious analysis of the prospects for long term change offering a strategy for making political revolution more than just a campaign slogan They provide a road map for how to entrench democratic socialism in the halls of power and in our own lives Bigger than Bernie offers unmatched insights into the people behind the most unique campaign in modern American history and a clear eyed sense of how the movement can sustain itself for the long haul

How Bernie Won Jeff Weaver,2018-05-15 The brilliant manager of Bernie Sanders s 2016 presidential campaign shows how Bernie took on the entire establishment and changed modern American politics for good When Jeff Weaver hopped in a car with Bernie Sanders in the summer of 1986 he had no idea the Vermont backroads would lead them all the way to the 2016 presidential campaign In How Bernie Won Weaver shows how Bernie sparked a movement that would sweep America and inspire millions He vowed not to run a negative campaign He would focus on policies not personalities He would not be beholden to big money He would actually make America work for ordinary people Weaver also shows how they overcame significant challenges A media that thrived on negative campaigns A party controlled by insiders And a political system dependent on big money Weaver explains how Bernie beat them all and in doing so went from having little national name recognition when he entered to the race to being one of the most respected and well known people in the world by its end because Weaver argues Bernie won the race He moved the discussion from the concerns of the 1% to those of the 99% He forced the Democrats to remember their populist roots And he showed that an outsider with real ideas and

ways to get them done could compete and win against the establishment s hand picked candidate From holding bags of Bernie buttons and picket stick signs to managing thousands of campaign workers to looking ahead to 2020 Weaver chronicles the birth of a revolution that didn t end in November 2016 It s only just begun **Political Power** Michael L. Frizell,2015 **Bernie's Speech** Bernie Sanders,2015-06-01 This book contains the groundbreaking and historical speech Senator Bernie Sanders made in opposition of the Tax Relief Unemployment Insurance Reauthorization and Job Creation Act of 2010 a proposed extension of the Bush era tax rates The speech itself was 8 hours and more than 70 000 words advocating for reform in corporate finance and proposing a stronger middle class **Bernie's Sermon** Bernie Sanders,2015-06-30 On December 10 2010 Senator Bernie Sanders of Vermont spoke for over eight hours on the floor of the Senate As he spoke and as the hours passed millions began to watch the speech online worldwide news coverage ensued Worthwhile reading for any concerned citizen and mandatory reading for anyone following politics in 2015 Senator Sanders s plea for common sense and fairness is sure to resonate for years to come
