Bernie Sanders Russia:

The Plot to Russia-Bait Bernie Sanders Dan Kovalik, 2020-07-21 Red baiting the act of attacking or persecuting as a Communist or as communistic Merriam Webster Bernie Sanders has captured the imagination of millions of Americans who crave change to the economic and social system currently rigged for the billionaires Predictably the political establishment and media pundits are pulling out the stops to derail his campaign To do so they have reached for their trusty old weapon for dealing with such leaders for social change red baiting Thus as great leaders before him such as Martin Luther King Bernie is being painted as a Communist and an unwitting tool of Russia Such claims are coming fast and furious as Bernie ascends in the primaries The Plot to Russia Bait Bernie Sanders challenges such McCarthyite claims and demonstrates that what our current rulers are afraid of is not Communism or Russian interference but rather true democratic rule and a more equal economic distribution of our nation's vast wealth What this book argues is that the US already has massive state interference in our economy the type of interference they claim to fear in socialism but that this interference is focused on giving generous subsidies to corporations and weapons manufacturers while the poor and working class are left to fend for themselves Bernie represents a threat to this corporate welfare system and it is for this reason that the establishment including the one that governs the Democratic Party is hell bent on stopping him It is up to the mass of voters to see through this and to resist the one true interference in our electoral system the interference by the billionaire class and to support a more just system that works for all of us

American Fascism Brynn Tannehill, 2021-04-20 Trump is out of the White House but American democracy is on the ropes and teetering on the brink of competitive authoritarianism controlled by theocrats and oligarchs With its cherished institutions hobbled political norms trampled guardrails severely damaged and body politic divided by chasms of race and geography can the US survive another administration dedicated to establishing de facto single party rule In this compelling comprehensive analysis Brynn Tannehill draws on her expertise in studying the collapse of weak democracies around the globe and her previous research in law political science economics and right wing populism to explain the trajectory of how we got here and the current threats we face Most importantly she analyzes what the characteristics of fascism are if they are applicable to the base of the GOP today and what that means for us should they succeed in establishing permanent minoritarian rule American Fascism is a surgical analysis of 250 years of struggle for democracy in America and a prescient prognosis of what's to come if we do not heed Tannehill's warnings and advice

Propaganda 2.1 Peter K. Fallon, 2022-09-08 Since the US presidential election of 2016 the words propaganda and fake news have been prominent in American political and cultural discourse Yet very few people can provide a coherent explanation of what they mean precisely when using them On the two sides of the political spectrum red and blue each points out messages from the other side that they think are untrue or that they simply don t like Unlike our dangerously biased political system however reality has more than only two sides For decades Americans sat by while their mediated world was carved into a single red reality focused in necessary opposition to a single blue reality We ve been given red media outlets and blue media outlets to stoke our collective rage each against the other s lies But the first two decades of the twenty first century have presented us with a new information environment one of unregulated and seemingly uncontrollable information Like the young boy in a popular folktale we can now see if only we can resist the pressures of social conformity that both emperors red and blue strut proudly before us naked Propaganda 2 1 is a handbook for seeing reality clearly and coping with it

Ball of Collusion Andrew C. McCarthy, 2020-09-22 The real collusion in the 2016 election was not between the Trump campaign and the Kremlin It was between the Clinton campaign and the Obama administration The media Democrat collusion narrative which paints Donald Trump as cat s paw of Russia is a studiously crafted illusion Despite Clinton s

commanding lead in the polls hyper partisan intelligence officials decided they needed an insurance policy against a Trump presidency Thus was born the collusion narrative built on an anonymously sourced dossier secretly underwritten by the Clinton campaign and compiled by a former British spy Though acknowledged to be salacious and unverified at the FBI s highest level the dossier was used to build a counterintelligence investigation against Trump s campaign Miraculously Trump won anyway But his political opponents refused to accept the voters decision Their collusion narrative was now peddled relentlessly by political operatives intelligence agents Justice Department officials and media ideologues the vanguard of the Trump Resistance Through secret surveillance high level intelligence leaking and tireless news coverage the public was led to believe that Trump conspired with Russia to steal the election Not one to sit passively through an onslaught President Trump fought back in his tumultuous way Matters came to a head when he fired his FBI director who had given explosive House testimony suggesting the president was a criminal suspect despite privately assuring Trump otherwise The resulting firestorm of partisan protest cowed the Justice Department to appoint a special counsel whose seemingly limitless investigation bedeviled the administration for two years Yet as months passed concrete evidence of collusion failed to materialize Was the collusion narrative an elaborate fraud And if so choreographed by whom Against media Democrat caterwauling a doughty group of lawmakers forced a shift in the spotlight from Trump to his investigators and accusers This has exposed the depth of politicization within American law enforcement and intelligence agencies It is now clear that the institutions on which our nation depends for objective policing and clear eyed analysis injected themselves scandalously into the divisive politics of the 2016 election They failed to forge a new Clinton administration Will they succeed in bringing down President Trump
