The Speech Bernie Sanders,2015-12-22 On Friday December 10 2010 Vermont Senator Bernie Sanders walked on to the floor of the United States Senate and began speaking It turned out to be a very long speech lasting over eight and a half hours And it hit a nerve Millions followed the speech online until the traffic crashed the Senate server A huge positive grassroots response tied up the phones in the senator s offices in Vermont and Washington President Obama reportedly held an impromptu press conference with former President Clinton to deflect media attention away from Sanders speech Editorials and news coverage appeared throughout the world In his speech Sanders blasted the agreement that President Obama struck with Republicans which extended the Bush tax cuts for millionaires and billionaires lowered estate tax rates for the very very rich and set a terrible precedent by establishing a payroll tax holiday diverting revenue away from the Social Security Trust Fund threatening the fund s very future But the speech was more than a critique of a particular piece of legislation It was a dissection of the collapse of the American middle class and a well researched attack on corporate greed and on public policy which over the last several decades has led to a huge growth in millionaires even as the United States has the highest rate of childhood poverty in the industrialized world It was a plea for a fundamental change in national priorities for government policy that reflects the needs of working families and not just the wealthy and their lobbyists Finally Sanders speech published here in its entirety with a new introduction by the senator is a call for action It is a passionate statement informing us that the only people who will save the middle class of this country is the middle class itself but only if it is informed organized and prepared to take on the enormously powerful special interests dominating Washington

address the destructive nature of a system that is fueled by uncontrolled greed and rigidly committed to prioritizing corporate profits over the needs of ordinary Americans Sanders argues that unfettered capitalism is to blame for an unprecedented level of income and wealth inequality is undermining our democracy and is destroying our planet How can we accept an economic order that allows three billionaires to control more wealth than the bottom half of our society How can we accept a political system that allows the super rich to buy politicians and swing elections How can we accept an energy system that rewards the fossil fuel corporations causing the climate crisis Sanders believes that in the face of these overwhelming challenges the American people must ask tough questions about the systems that have failed us and demand fundamental economic and political change This is where the path forward begins It s OK to Be Angry About Capitalism presents a vision that extends beyond the promises of past campaigns to reveal what would be possible if the political revolution took place if we would finally recognize that economic rights are human rights and if we would work to create a society that provides a decent standard of living for all This isn t some utopian fantasy this is democracy as we should know it

retainer and confidant gives us the inside story of how Donald Trump almost single handedly harnessed discontent among Forgotten Americans despite running a guerrilla style grass roots campaign to compete with the smooth running and free spending Clinton political machine From the start Trump s campaign was unlike any seen on the national stage combative maverick and fearless Trump s nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security Here Stone outlines how Donald Trump skillfully ran as the anti Open Borders candidate as well as a supporter of American sovereignty and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters The veteran adviser to Nixon Reagan and Trump charts the rise of the alt conservative media and the end of the mainstream media monopoly on voter impacting information dissemination This is an insider s view that includes studying opposition research into Bill Hillary and Chelsea Clinton s crimes and the struggle by the Republican establishment to stop Trump and how they underestimated him Stone chronicles Trump s triumph in three debates where he skillfully lowered expectation levels but skewered Mrs Clinton for the corruption of the Clinton Foundation her mishandling of government email and her incompetence as Secretary of State Stone gives us the inside word on Julian Assange Wikileaks Clinton campaign chief John Podesta Huma Abedin Anthony Weiner Carlos Danger Doug Band Jeffery Epstein and the efforts to hide the former first lady s infirmities and health problems Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e mails released by Wikileaks came from the Russians The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton s weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of Americans desperately wanted change Stone also reveals how and why the mainstream media got it wrong including how the polls were loaded and completely misunderstood who would vote Stone s analysis is akin to Theodore H White s seminal book The Making of the President 1960 It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard bitten political survivor who Donald Trump called one tough cookie *Censored 2017* Mickey Huff,Andy Lee Roth,Project Censored,2016-12-13 The annual yearbook from Project Censored features the year s most underreported news stories striving to unmask censorship self censorship and propaganda in corporate controlled media outlets Featuring the top 25 most underreported stories as voted by scholars journalists and activists across the country and around the world as well as chapters exploring timely issues from the previous year with more in depth analysis *Break 'Em Up* Zephyr Teachout,2020-07-28 A passionate attack on the monopolies that are throttling American democracy We need a grassroots bottom up movement that understands the challenge in front of us and then organizes against monopoly power in communities across this country This book is a blueprint for that organizing In these pages you will learn how monopolies and oligopolies have taken over almost every aspect of American life and you will also learn about what can be done to stop

that trend before it is too late from the foreword by Bernie Sanders Every facet of American life is being overtaken by big platform monopolists like Facebook Google and Bayer which has merged with the former agricultural giant Monsanto resulting in a greater concentration of wealth and power than we've seen since the Gilded Age They are evolving into political entities that often have more influence than the actual government bending state and federal legislatures to their will and even creating arbitration courts that circumvent the US justice system How can we recover our freedom from these giants Anti corruption scholar and activist Zephyr Teachout has the answer Break Em Up This book is a clarion call for liberals and leftists looking to find a common cause Teachout makes a compelling case that monopolies are the root cause of many of the issues that today's progressives care about they drive economic inequality harm the planet limit the political power of average citizens and historically disenfranchised groups bear the brunt of their shameful and irresponsible business practices In order to build a better future we must eradicate monopolies from the private sector and create new safeguards that prevent new ones from seizing power Through her expert analysis of monopolies in several sectors and their impact on courts journalism inequality and politics Teachout offers a concrete path toward thwarting these enemies of working Americans and reclaiming our democracy before it's too late A shocking guide book to these corporate Dark Ages these frightening times when private power seems to grow ever more centralized and the ordinary world we live in feels like it is dissolving Thankfully it is also a road map to the exit Read it and let's get ourselves out of this awful place Thomas Frank author of Listen Liberal A passionate and persuasive case for a revitalized antitrust movement to strengthen democracy and improve the lives of middle and working class Americans Teachout delivers a forceful clearly articulated vision of moral markets built on freedom choice and human dignity Progressives will heed this clarion call for reform Publishers Weekly starred review
