focus on specific winners and losers from China to America's rust belt. Instead of picking sides, *Six Faces of Globalization* gives all these positions their due, showing how each deploys sophisticated arguments and compelling evidence. Both globalization's boosters and detractors will come away with their eyes opened. By isolating the fundamental value conflicts—growth versus sustainability, efficiency versus social stability—driving disagreement and showing where rival narratives converge, Roberts and Lamp provide a holistic framework for understanding current debates. In doing so, they showcase a more integrative way of thinking about complex problems.

This Fight Is Our Fight Elizabeth Warren, 2017-04-18
1 New York Times bestseller. The fiery U.S. Senator from Massachusetts and bestselling author offers a passionate, inspiring book about why our middle class is under siege and how we can win the fight to save it. Senator Elizabeth Warren has long been an outspoken champion of America's middle class, and by the time the people of Massachusetts elected her in 2012, she had become one of the country's leading progressive voices. Now, at a perilous moment for our nation, she has written a book that is at once an illuminating account of how we built the strongest middle class in history, a scathing indictment of those who have spent the past thirty-five years undermining working families, and a rousing call to action. Warren grew up in Oklahoma, and she's never forgotten how difficult it was for her mother and father to hold on at the ragged edge of the middle class. An educational system that offered opportunities for all made it possible for her to achieve her dream of going to college, becoming a teacher, and later attending law school. But now, for many, these kinds of opportunities are gone, and a government that once looked out for working families is instead captive to the rich and powerful. Seventy-five years ago, President Franklin Roosevelt and his New Deal ushered in an age of widespread prosperity. In the 1980s, President Ronald Reagan reversed course and sold the country on the disastrous fiction called trickle-down economics. Now, with the election of Donald Trump, a con artist who promised to drain the swamp of special interests and then surrounded himself with billionaires and lobbyists, the middle class is being pushed ever closer to collapse. Written in the candid, high-spirited voice that is Warren's trademark, *This Fight Is Our Fight* tells eye-opening stories about her battles in the Senate and vividly describes the experiences of hard-working Americans who have too often been given the short end of the stick. Elizabeth Warren has had enough of phony promises and a government that no longer serves its people; she won't sit down, she won't be silenced, and she will fight back.

Consumed Aja Barber, 2021-10-05
A call to action for consumers everywhere. *Consumed* asks us to look at how and why we buy what we buy, how it's created, who it benefits, and how we can solve the problems created by a wasteful system. We live in a world of stuff. We dispose of most of it in as little as six months after we receive it. The byproducts of our quest to consume are creating an environmental crisis. Aja Barber wants to change this, and you can too. In *Consumed*, Barber calls for change within an industry that regularly overreaches with abandon, creating real imbalances in the environment and the lives of those who do the work, often in unsafe conditions, for very low pay, and the billionaires who receive the most profit. A story told in two parts, Barber exposes the endemic injustices in our consumer industries and the

uncomfortable history of the textile industry one which brokered slavery racism and today's wealth inequality Once the layers are peeled back Barber invites you to participate in unlearning to understand the truth behind why we consume in the way that we do to confront the uncomfortable feeling that we are never quite enough and why we fill that void with consumption rather than compassion Barber challenges us to challenge the system and our role in it The less you buy into the consumer culture the more power you have Consumed will teach you how to be a citizen and not a consumer **Fight** John Della Volpe, David Hogg, 2022-01-18 NATIONAL BESTSELLER From John Della Volpe the director of polling at the Harvard Institute of Politics *Fight* is an exploration of Gen Z the issues that matter most to them and how they will shape the future 9 11 The war on terror Hurricane Katrina The 2008 financial crisis The housing crisis The opioid epidemic Mass school shootings Global warming The Trump presidency COVID 19 Since they were born Generation Z also known as zoomers those born from the late 1990s to early 2000s have been faced with an onslaught of turmoil destruction and instability unprecedented in modern history And it shows they are more stressed anxious and depressed than previous generations a phenomenon John Della Volpe has documented heavily through decades of meeting with groups of young Americans across the country But Gen Z has not buckled under this tremendous weight On the contrary they have organized around issues from gun control to racial and environmental justice to economic equity becoming more politically engaged than their elders and showing a unique willingness to disrupt the status quo In *Fight* How Gen Z Is Channeling Their Passion and Fear to Save America Della Volpe draws on his vast experience to show the largest forces shaping zoomers lives the issues they care most about and how they are despite older Americans efforts to label Gen Z as overly sensitive lazy and entitled rising to the unprecedented challenges of their time to take control of their country and our future **La guía de Bernie Sanders para la revolución política / Bernie Sanders Guide to Political Revolution** Bernie Sanders, 2020-08-25 En este libro preciso y descarnado Bernie Sanders un político estadounidense de larga trayectoria progresista y senador independiente autodefinido como socialista democrático traza un diagnóstico de las calamidades sociales que afectan a Estados Unidos Entre estas Sanders delinea la creciente desigualdad de ingresos el 1% más rico de los norteamericanos posee tanta riqueza como el 90% más pobre la brutalidad policial la inaccesibilidad a la educación superior el racismo los laberintos del sistema sanitario Sanders deja enseñanzas para el resto del mundo hay que transformar el sistema **Political Power** Michael L.
