Bernini And The Birth Of Baroque Portrait Sculpture:

Bernini and the Birth of Baroque Portrait Sculpture Andrea Bacchi, Catherine Hess, Jennifer Montagu, 2008-01-01
Gian Lorenzo Bernini was the greatest sculptor of the Baroque period and yet surprisingly there has never before been a major exhibition of his sculpture in North America Bernini and the Birth of Baroque Portrait Sculpture showcases portrait sculptures from all phases of the artist's long career from the very early Antonio Coppola of 1612 to Clement X of about 1676 one of his last completed works Bernini's portrait busts were masterpieces of technical virtuosity at the same time they revealed a new interest in psychological depth Bernini's ability to capture the essential character of his subjects was unmatched and had a profound influence on other leading sculptors of his day such as Alessandro Algardi Giuliano Finelli and Francesco Mochi Bernini and the Birth of Baroque Portrait Sculpture is a groundbreaking study that features drawings and paintings by Bernini and his contemporaries Together they demonstrate not only the range skill and acuity of these masters of Baroque portraiture but also the interrelationship of the arts in seventeenth century Rome **The Life of Gian Lorenzo Bernini** Domenico Bernini, Franco Mormando, 2012-01-31 A critical translation of the unabridged Italian text of Domenico Bernini's biography of his father seventeenth century sculptor architect painter and playwright Gian Lorenzo Bernini 1598 1680 Includes commentary on the author's data and interpretations contrasting them with other contemporary primary sources and recent scholarship Provided by publisher **Bernini** Claude Douglas Dickerson (III), Gian Lorenzo Bernini, Anthony Sigel, Ian Wardropper, 2012 The brilliantly expressive clay models created by Gian Lorenzo Bernini 1598 1680 as sketches for his works in marble offer extraordinary insights into his creative imagination Although long admired the terracotta models have never been the subject of such detailed examination This publication presents a wealth of new discoveries including evidence of the artist's fingerprints imprinted on the clay resolving lingering issues of attribution while giving readers a vivid sense of how the artist and his assistants fulfilled a steady stream of monumental commissions Essays describe Bernini's education as a modeler his approach to preparatory drawings his use of assistants and the response to his models by 17th century collectors Extensive research by conservators and art historians explores the different types of models created in Bernini's workshop Richly illustrated Bernini transforms our understanding of the sculptor and his distinctive and fascinating working methods Publisher's website [Art, Patronage, and Nepotism in Early Modern Rome](#) Karen J. Lloyd, 2022-08-19 Drawing on rich archival research and focusing on works by leading artists including Guido Reni and Gian Lorenzo Bernini Karen J Lloyd demonstrates that cardinal nephews in seventeenth century Rome those nephews who were raised to the cardinalate as princes of the Church used the arts to cultivate more than splendid social status Through politically savvy frescos and emotionally evocative displays of paintings sculptures and curiosities cardinal nephews aimed to define nepotism as good Catholic rule Their commissions took advantage of their unique position close to the pope embedding the defense of their role into the physical fabric of authority from the storied vaults of the Vatican Palace to the

sensuous garden villas that fused business and pleasure in the Eternal City This book uncovers how cardinal nephews crafted a seductively potent dialogue on the nature of power fuelling the development of innovative visual forms that championed themselves as the indispensable heart of papal politics The book will be of interest to scholars working in art history early modern studies religious history and political history

The Art of Religion Maarten Delbeke, 2016-04-01 Bernini and Pallavicino the artist and the Jesuit cardinal are closely related figures at the papal courts of Urban VIII and Alexander VII at which Bernini was the principal artist The analysis of Pallavicino's writings offers a new perspective on Bernini's art and artistry and allow us to understand the visual arts in papal Rome as a making manifest of the fundamental truths of faith Pallavicino's views on art and its effects differ fundamentally from the perspective developed in Bernini's biographies offering a perspective on the tension between artist and patron work and message In Pallavicino's writings the visual arts emerge as being intrinsically bound up with the very core of religion involving questions of idolatry mimesis and illusionism that would prove central to the aesthetic debates of the eighteenth century

Display of Art in the Roman Palace, 1550-1750 Gail Feigenbaum, 2014-08-01 This book explores the principles of the display of art in the magnificent Roman palaces of the early modern period focusing attention on how the parts function to convey multiple artistic social and political messages all within a splendid environment that provided a model for aristocratic residences throughout Europe Many of the objects exhibited in museums today once graced the interior of a Roman Baroque palazzo or a setting inspired by one In fact the very convention of a paintings gallery the mainstay of museums traces its ancestry to prototypes in the palaces of Rome Inside Roman palaces the display of art was calibrated to an increasingly accentuated dynamism of social and official life activated by the moving bodies and the attention of residents and visitors Display unfolded in space in a purposeful narrative that reflected rank honor privilege and intimacy With a contextual approach that encompasses the full range of media from textiles to stucco this study traces the influential emerging concept of a unified interior It argues that art history even the emergence of the modern category of fine art was worked out as much in the rooms of palaces as in the printed pages of Vasari and other early writers on art

Getty Research Journal, 2009

The Royal Portrait Jennifer Anne Scott, 2010 Anglophiles and students of portraiture will find that The Royal Portrait fills a surprising void in the literature as Scott's Royal Collection presents for the first time a survey of British portraits housed in the various venues of the Royal Collection The broad scope ranges from Richard II the first British king portrayed to Queen Elizabeth II the latter monarch along with Queen Victoria is the subject of an independent chapter while other chapters focus on images of royals from a particular dynastic house such as the Stuart and the Hanoverian Through an interesting selection of diverse media and formats employed in different periods Scott explores the central question of what constitutes a royal portrait The answers are multifaceted and contingent on such factors as patronage function royal control and artistic intention nevertheless symbolic

visual conventions can still be traced in the representations of British monarchs over the centuries This is a clearly written well illustrated survey for more in depth analyses of particular works one will need to turn to specialized sources e g D Howarth s Images of Rule 1997 Summing Up Highly recommended Lower division undergraduates through researchers faculty general readers General Readers Lower division Undergraduates Upper division Undergraduates Graduate Students Researchers Faculty Reviewed by J K Dabbs **The New Criterion** ,2009 **Art in America** Frank Jewett Mather,Frederic Fairchild Sherman,2008 **The Publishers Weekly** ,2008 **Architect** ,2008 **Baroque Portraiture in Italy** John T. Spike,1984 **Choice** ,2008 **Los Angeles Magazine** ,2008-05 The Writers Directory ,2013

Misled by Nature National Gallery of Canada,Catherine Crowston,Josée Drouin-Brisebois,Jonathan Shaughnessy,2012 Contemporary Art and the Baroque Featuring the work of six international artists this publication examines a recurring facet of contemporary artistic production material excess accumulation bravado asymmetry and theatricality The impact of such art is decidedly visual and primeval with artists creating powerfully immersive environments aimed at enticing challenging and even unsettling viewers Three essays discuss ornamentation hybridity material sensibilities transformation and the sublime in contemporary art practice **Beauty & Power** Jeremy Warren,2010 This outstanding collection of European bronze sculptures formed by Peter Marino here catalogued for the first time and beautifully photographed by Maggie Nimkin is built around an exploration of the human form as depicted in this lustrous and sensuous material With a special focus on French and Italian bronzes of the High Baroque the catalogue illustrates the lively interchange of artists and ideas between Florence Paris and Rome Above all the bronzes in the Marino collection are wonderful works of art whose beauty and power speak across the centuries to today s audiences **Subject Index to Periodicals** ,2009
