Beso Beso Spanish Edi:

Spanish Erotic Cinema Santiago Fouz-Hernandez, 2017-04-13 The first comprehensive scholarly study of Spanish erotic cinema from the 1920s until the present day. This book covers a significant part of the history of Spanish film from the 1920s until the present day. Starting with a study of the kiss in silent films the volume explores homoerotic narratives in the crusade films of the 1940s the commodification of bodies in the late Franco period and the so called destape literally undressing period that followed the abolition of censorship during the democratic transition. Reclaiming the importance of Spanish erotic cinema as a genre in itself a range of international scholars demonstrate how the explicit depiction of sex can be a useful tool to illuminate current and historic social issues including ageism colonialism domestic violence immigration nationalisms or women and LGBT rights. Covering a wide range of cinematic genres including comedy horror and melodrama this book provides an innovative and provocative overview of Spanish cinema history and society in the twentieth and twenty first centuries. Contributors: Brad Epps (Cambridge University), Sally Faulkner (University of Exeter), Santiago Fouz Hernández (Durham University), Antonio Lázaro (Reboll University of Kent), Annabel Martín (Dartmouth College), Alejandro Melero (Salvador Universidad Carlos III in Madrid), Jorge Párez (University of Texas Austin), Carolina Sanabria (University of Costa Rica), Rob Stone (University of Birmingham), Tom Whittaker (University of Liverpool), Eva Woods Peiró (Vassar College), Sarah Wright (Royal Holloway University of London), Barbara Zecchi (University of Massachusetts Amherst). **The National Union Catalog, Pre-1956 Imprints** Library of Congress, American Library Association, Committee on Resources of American Libraries.

National Union Catalog Subcommittee, 1968 **The Nation**, 1893 **Casting Masculinity in Spanish Film** Mary T. Hartson, 2017-09-13 The rise of consumerism in the twentieth and twenty first centuries radically changed the way we perceive ourselves and the world around us. And as it has throughout history the social construct of ideal masculinity both reflects and responds to that lived reality helping individuals adapt. Through a close study of Spanish film of the twentieth and twenty first centuries this book investigates hegemonic or dominant masculinity in the wake of dramatic consumer changes that occurred in Spain. It explores the ways in which masculine identity as represented in Spanish film positions itself in relation to desire and consumption focusing especially on representations of hegemonic masculinity from the almost 40 year dictatorship of General Francisco Franco through the transition to democracy and into the early 1990s. Using psychoanalytic theory as employed primarily by Todd McGowan and Slavoj Žižek this book analyzes cinematic representations of hegemonic masculine models along with those portrayed as less favorable to understand how political social and economic changes in Spain in the twentieth and early twenty first centuries affect the process of masculine identity formation. In the shift from a society of prohibition to a society of commanded enjoyment hegemonic masculinity as represented in Spanish film changes dramatically initially organizing itself around prohibition and self renunciation in the early Franco dictatorship and later with neoliberal reforms and mass media promotion of consumerist values starting in the 1950s reorienting itself.

around desire and enjoyment embodied for example in the sexually promiscuous fashionable young man of the 1970s Personal pleasure and the satisfaction of one's desires replace submission obedience and self abnegation leading to a reconstruction of masculine identities in a social context that appears increasingly fragmented plural and individualistic The primary innovation of this text involves the repositioning of consumerism as a fundamental force in the formation of Spanish masculinity and showing how widely disseminated masculine models serve to accommodate political social and economic demands **Catalog of Copyright Entries** Library of Congress.
