Family Style Chinese Cookbook Shanti Christensen, 2016-12-20 Family Style Chinese Cookbook is a treasure trove of real Chinese home cooking. But it's more than just a cookbook; it's a collection of stories about tradition, ceremony, family, and pride. Bee Yinn Low, author of Easy Chinese Recipes, Authentic Chinese cuisine is responsible for some of the most tantalizing dishes in the world. And yet creating these delicious dishes may seem daunting. We're not talking about westernized Chinese food that you can find in most Chinese cookbooks, but rather the succulent flavors, vibrant aromatics, and bold pairings that define what authentic Chinese food truly is. Shanti Christensen knows a thing or two about what makes Chinese food authentic. As food editor for Time Out Beijing and an avid traveller, Shanti soaked up China's culture and food. But the best cuisine she experienced wasn't from five-star restaurants, but rather from the family kitchens of locals. Family Style Chinese Cookbook is an assemblage of family recipes that Shanti collected during her time with families throughout China. Presented alongside endearing stories, these recipes form a Chinese cookbook that evokes a truly unique experience to excite your curious spirit and surprise your adventurous palate. With Family Style Chinese Cookbook, you'll find everything you need to cook home-style Chinese food from your very own kitchen, including High-quality authentic Chinese family heirloom recipes, Cooking tips based on your personal preferences, and suggested variations for hard-to-find ingredients. Guidance for stocking up on Chinese pantry essentials and finding unique ingredients. Overview of essential equipment commonly required for proper recipe preparation, such as a glazed clay pot, wok, and mandoline. Simplified instructions of basic cooking techniques, including those for tenderizing meat, stir-frying, parboiling, and braising. In China, food brings people together. With the ease and simplicity of Family Style Chinese Cookbook, you and yours will savor the bold flavors, sweet aromas, and warm connection that can be offered through authentic Chinese cooking.

the king and the tailors and muddled king techniques were learned by the master of Chongzǐ (Confucius) 551-479 BC who was an expert in the art of warmth application and blending flavors. In cooking and the employments of high and low heat, the blending of flavors was an interesting art. It involved sweet flavors, all kinds of flavors, and the request for congruity. This request for congruity is one of the main characteristics of Chinese cooking.
