*Where We Go from Here* Bernie Sanders,2018-11-27 The inspiring national bestseller from the U S Senator and leading Democratic candidate for president about the fierce fight for democracy and social justice and what we need to do next In Where We Go from Here New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day by day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump s reactionary agenda and for a government that works for all not just wealthy campaign contributors At home Sanders has helped lead the fight for Medicare for all fought for workers desperate for higher wages and supported immigrants in the DACA program and children affected by gun violence He has stood with the people of Puerto Rico devastated by Hurricane Maria as well as veterans teachers the incarcerated the persecuted and all those who are too often ignored by Washington Abroad his voice has been clear that we need a foreign policy that strives for peace not war and international cooperation to address the crisis of climate change The good news is we re making progress People all across America are standing up to the most dishonest and reactionary president in our history They re taking on establishment politicians who ve turned a blind eye to the concerns of everyday citizens They re fighting back against the oligarchs of Wall Street who would happily see our children do worse than their parents so long as the Dow does better And the general public continually demonstrates that we are more united than the media would allow us to believe and what we agree on are largely progressive ideals Maintaining a vibrant democracy has never been easy and in these dangerous and unprecedented times it has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice

**Radical Jewish Politics** Nathaniel Deutsch,Alma Rachel Heckman,Tony Michels,2025-12-09 For the first time this volume centers the rich but little known history of radical Jewish politics in the Middle East and North Africa and puts it into conversation with developments in the Americas South Africa Soviet Asia and Europe Jews were attracted to radical politics in the

nineteenth and twentieth centuries to transform the societies they lived in but also out of a deep desire to belong. Somewhat paradoxically then radical politics held out the enticing possibility of normalization for Jews even as it frequently resulted in their further alienation or persecution. In some cases Jewish radicals sought recognition and autonomy as Jews in others Jews labored to be accepted as full fledged citizens of their home countries in still others they tried to escape Jewishness. Altogether Jewish experiences of modernity colonialism race nationalism emancipation war and migration serve as the connective tissue that binds together radical Jewish politics from Baghdad to Buenos Aires.

**Medicare for All** Ken Lefkowitz, 2022-02-22

Healthcare continues to be one of the defining political issues in the United States. Though many progressives argue for an overhaul of the current system based on ethical or humanitarian principles this important book offers an economic rationale for providing healthcare for all. The purpose of Medicare For All An Economic Rationale is to demonstrate how current runaway healthcare prices can be addressed by implementing the cost effectiveness of Medicare For All. Written by a former Corporate Director and healthcare consultant this book illustrates why the current free market model for healthcare is ultimately failing the country by not containing rising healthcare costs which has a severe economic impact on all Americans including those covered by employer medical plans. Major factors in that failure such as the lack of transparency human decision factors and high administrative costs in the current system are explored. The book demonstrates that implementing Medicare For All providing comprehensive benefits with no copays private insurance premiums deductibles or other cost sharing will not only improve the lives of most Americans but will be far more cost effective than the present system. This is an incisive important contribution to a topic that continues to shape American political discourse and will be of interest to scholars and professionals engaged in this area as well as politicians and the public in general.

**Fight Oligarchy** Senator Bernie Sanders, 2025-09-30

Oligarchy is a system in which a small number of extremely wealthy individuals control the economic political and media life of a nation. It is a system in which ordinary people

have very little power to determine the future of their country If you re an American it is the system in which you re living That must change In the wealthiest nation on earth we must build a political movement that creates a government that represents all Americans not just a handful of billionaires Bernie Sanders NEW YORK TIMES BESTSELLER Senator Bernie Sanders breaks down the unprecedeted crises we face today in Trump s America as Trump undermines democracy at every turn and how we can effectively fight back From the moment that Sanders began his Fighting Oligarchy tour in the early days of the Trump administration it was clear that his message resonated with Americans across the political spectrum Record breaking crowds numbering in the tens of thousands showed up across the country Large numbers of Americans in red states and blue states were prepared to stand up and fight back In this book he shows how we can continue that fight In a series of short pointed chapters Sanders explains how the United States today is an oligarchic society in which a small handful of multibillionaires exercise enormous economic and political power He describes what it means when the very rich get much richer while the majority of Americans struggle to pay the rent and put food on the table And he observes how a corrupt campaign finance system allows billionaires in both parties to increasingly control our political system Sanders also discusses how under Trump we are rapidly moving toward authoritarianism with a president who is undermining our democracy as he attacks Congress the courts the media and law firms and universities in search of more and more power for himself With relentless optimism and focused energy Sanders reminds readers that true power rests with the people and he presents a path forward to a reinvigorated democracy    **Bernie** Ted Rall,2020-06-16 Now a NEW YORK TIMES
