Bernie Sanders Phoenix:

Wounds of War Suzanne Gordon, 2018-10-15 U S military conflicts abroad have left nine million Americans dependent on the Veterans Health Administration VHA for medical care Their wounds of war are treated by the largest hospital system in the country one that has come under fire from critics in the White House on Capitol Hill and in the nation s media In *Wounds of War* Suzanne Gordon draws on five years of observational research to describe how the VHA does a better job than private sector institutions offering primary and geriatric care mental health and home care services and support for patients nearing the end of life In the unusual culture of solidarity between patients and providers that the VHA has fostered Gordon finds a working model for higher quality health care and a much needed alternative to the practice of for profit medicine **Bernie**
