The Making of the President 2016 Roger Stone,2017-01-31 In the tradition of Theodore White s landmark books the definitive look at how Donald J Trump shocked the world to become president From Roger Stone a New York Times bestselling author longtime political adviser and friend to Donald Trump and consummate Republican strategist comes the first in depth examination of how Trump s campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming In the early hours of November 9 2016 one of the most contentious polarizing and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J Trump to concede shocking a nation that had only hours before given little credence to his chances Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media Stone a long time Trump retainer and confidant gives us the inside story of how Donald Trump almost single handedly harnessed discontent among Forgotten

Americans despite running a guerrilla style grass roots campaign to compete with the smooth running and free spending Clinton political machine From the start Trump s campaign was unlike any seen on the national stage combative maverick and fearless Trump s nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security Here Stone outlines how Donald Trump skillfully ran as the anti Open Borders candidate as well as a supporter of American sovereignty and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters The veteran adviser to Nixon Reagan and Trump charts the rise of the alt conservative media and the end of the mainstream media monopoly on voter impacting information dissemination This is an insider s view that includes studying opposition research into Bill Hillary and Chelsea Clinton s crimes and the struggle by the Republican establishment to stop Trump and how they underestimated him Stone chronicles Trump s triumph in three debates where he skillfully lowered expectation levels but skewered Mrs Clinton for the corruption of the Clinton Foundation her mishandling of government email and her incompetence as Secretary of State Stone gives us the inside word on Julian Assange Wikileaks Clinton campaign chief John Podesta Huma Abedin Anthony Weiner Carlos Danger Doug Band Jeffery Epstein and the efforts to hide the former first lady s infirmities and health problems Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e mails released by Wikileaks came from the Russians The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton s weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of Americans desperately wanted change Stone also reveals how and why the mainstream media got it wrong including how the polls were loaded and completely misunderstood who would vote Stone s analysis is akin to Theodore H White s seminal book The Making of the President 1960 It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard bitten political survivor who Donald Trump called one tough cookie *Outsider in the House* Bernie Sanders,1998-09-17 The inside scoop on Washington from the only Independent in Congress *The Essential Bernie Sanders and His Vision for America* Jonathan Tasini,2015-08-24 Meet the essential Bernie Sanders an authentic and uncompromising champion of the people Independent United States Senator Bernie Sanders with a thirty five year career in public service first as Burlington Vermont s mayor then as Vermont s sole representative to Congress and currently as a United States senator is now campaigning to become president of the United States His goal is to build a movement to take back our country from the rich and powerful and return it to its rightful owners we the American people Sanders common sense populist message is resonating with Democrats Republicans independents as well as ordinary working and middle class Americans from all walks of life including millennials seniors veterans immigrants environmentalists union workers and more In this short accessible book author Jonathan Tasini draws heavily from Sanders ample public record of speeches statements

What

Happened to Bernie Sanders Jared H. Beck,2018-03-06 For the first time the definitive answer to the relative disappearance of Bernie Sanders and his political revolution in our new Trumpocracy One year into Donald Trump's presidency the US 2016 presidential election is still being fought by both parties As the case of Russian hacking and collusion is investigated and Hillary Clinton desperately attempts to explain What Happened to her and why she lost a more important question one haunted by shadowy tactics and campaign double dealing rings out What happened to Bernie Sanders Jared H Beck Esq the lawyer suing the Democratic National Committee and Debbie Wasserman Schultz for collusion and fraud for conspiring as a whole to make sure Hillary Clinton was the Democratic presidential candidate has now written the book on what truly transpired during the Democratic primaries and National Convention What Happened to Bernie Sanders is organized in sections Democracy Demands the Truth Stories with No Fingerprints A Bankrupt Institution Rule of Law Demands Consequences Using uncovered documents and other primary sources Beck shows that Bernie Sanders lost to Hillary Clinton because he never had a chance to win He illustrates how a web of forces emanating from elite interests through the mainstream media and Democratic political establishment and fronted by the Democratic National Committee operated to ensure that Clinton would secure the nomination The story of the 2016 Democratic primaries is not one of being stronger together or making America great again it is one of how corruption has critically eroded America's political institutions to the point of crippling democracy itself

From the former Head of Brand Strategy at Reddit comes a proven and thought-provoking approach to the digital economy and how brands can create authentic engagement that is rooted in the fundamental motivations behind human psychology. Leading marketing practitioner and thought leader Joe Federer draws on evolutionary biology, anthropology, neuroanatomy, and psychology, as well as more than a decade of hands-on experience, to explain why people act so differently in various online spaces and what they are seeking from participating in each one. With a framework based on Freud's Id, Ego, and Superego model of the human psyche, he demonstrates how the internet is a digital reflection of the collective human psyche and how different social networks correspond to different mindsets. Platforms like Reddit to the unfiltered Id, Facebook and Twitter to the managed Ego, and Instagram to the ideal Superego. In the same way you behave differently when you're home alone, out with friends, communicating with family, or interacting with coworkers, people act and express themselves differently in these various online spaces. Context matters. Understanding this will enable you to develop and execute effective engagement strategies to reach your target audiences on each social network. Learn how to create content that drives sharing and word of mouth, how brands can fit natively into different types of social channels, how to balance branded social presences across different networks, why authenticity will only grow in importance to consumers. Fascinating and deeply compelling, *The Hidden Psychology of Social Networks* will equip you to make vastly more efficient use of your media buys, establish more thoughtful strategies, develop better creative, and, in the end, deliver more effective marketing that provides value. *U.S. News & World Report*, 2006
