Breaking the Law Alex Marlow, 2025-08-05 Alex Marlow editor in chief of Breitbart News and two time New York Times bestselling author of the must read Peter Schweizer 1 New York Times bestselling author *Breaking the News* and *Breaking Biden* returns with his third book an intensely researched examination into the legal cases against President Trump that threaten not only the conservative movement but the concept of law and order itself Just as the political left uses the corporate media academia and the culture to advance their political agendas they have found a new core American institution that they now exploit to expand their power the legal system Featuring Alex Marlow's prescient Tucker Carlson insight *Breaking the Law* effortlessly demonstrates how the American legal system has been weaponized against President Donald Trump on purely political grounds Marlow delves into the history and origins of lawfare debunks the notion that the rule of law was ever sacred to the American political left and describes the superstructure the donors activists and entities that have made the legal system one of the left's most potent political weapons Finally he makes bold predictions on where lawfare is heading yes they really are coming for you and offers ways to fight its expanse before it's too late

We're Still Here Jennifer M. Silva, 2019-07-03 The economy has been brutal to American workers for several decades The chance to give one's children a better life than one's own the promise at the heart of the American Dream is withering away While onlookers assume those suffering in marginalized working class communities will instinctively rise up the 2016 election threw into sharp relief how little we know about how the working class translate their grievances into politics In *We're Still Here* Jennifer M Silva tells a deep multi generational story of pain place and politics that will endure long after the Trump administration Drawing on over 100 interviews with black white and Latino working class residents of a declining coal town in Pennsylvania Silva reveals how the decline of the American Dream is lived and felt The routines and rhythms of traditional working class life such as manual labor unions marriage church and social clubs have diminished In their place she argues individualized strategies for coping with pain and finding personal redemption have themselves become sources of political stimulus and reaction among the working class Understanding how generations of Democratic voters come to reject the social safety net and often politics altogether requires moving beyond simple partisanship into a maze of addiction joblessness family disruption violence and trauma Instead Silva argues that we need to uncover the relationships loyalties longings and moral visions that underlie and generate the civic and political disengagement of working class people *We're Still Here* provides powerful on the ground evidence of the remaking of working class identity and politics that will spark new tensions but also open up the possibility for shifting alliances and new possibilities

Jesse Ventura's Marijuana Manifesto Jesse Ventura, 2016-09-06 New York Times Bestselling Author In this groundbreaking book for the first time in paperback and fully updated with all the latest legal information outspoken freethinker Jesse Ventura lays out his philosophy Now more than ever before our country needs full legalization of medical recreational marijuana and hemp Seemingly with

every day that goes by we find out more positive things about marijuana a medicinal plant in abundant supply yet legalization finds stronger resistance from government agencies and big business Find out why the US government patented CBD and what Big Pharma companies have exclusive rights to create marijuana medication and why the DEA can't be trusted Jesse Ventura's Marijuana Manifesto calls for an end to the War on Drugs Legalizing marijuana will serve to rejuvenate our pathetic economy and just might make people a little happier Ventura's book will show us all how we can take our country back More celebs than ever are jumping on the Legalize bandwagon Why Because it's safe now It won't impact your career anymore But Jesse Ventura has been a solid proponent of legal cannabis for decades In Jesse Ventura's Marijuana Manifesto he lays out the good sense of legalization as well as the sheer insanity of prohibition As a proud American he pulls no punches calling out the political elite Dan Skye High Times editor in chief Ventura is ultimately quite convincing about the ineffectuality of the War on Drugs and on the contradictions and corruptions of the Drug Enforcement Administration a particular bugbear of his Michael Lindgren The Washington Post [Rethinking Rescue](#) Carol Mithers, 2025-08-05

Rethinking Rescue boldly confronts two of the biggest challenges of our time poverty and homelessness in asking the question Who deserves the love of a pet In Los Angeles's most underserved communities Lori Weise is known as the Dog Lady the woman who's spent decades caring for people in poverty and the animals that love them Long before anyone else Weise grasped that animal and human suffering are inextricably connected and created a new rescue narrative an enduring safety net empowering pet owners and providing resources to reduce the number of pets coming into shelters Rethinking Rescue Dog Lady and the Story of America's Forgotten People and Pets unites the causes of animal welfare and social justice moving between Weise's story and that of the larger U.S. rescue movement Through captivating storytelling and investigative reporting Carol Mithers examines the consequences of bias within this overwhelmingly white movement where an overemphasis on placing animals in affluent homes disregards pet owners in poverty Weise's innovative and ultimately triumphant efforts revealed a better way As cities across the country witness some of the worst housing crises in history and as the population of unhoused people and pets continues to skyrocket Rethinking Rescue offers a story of compassion and hope [**A Dream Deferred**](#) Abby Phillip, 2025-10-28 From CNN's Abby Phillip a triumphant new look at Jesse Jackson's presidential campaigns of the 1980s and how they changed Black political power A joyful rich must read biography of a politician whose flaws and gifts were in constant intense competition Jake Tapper Jesse Jackson the civil rights leader activist raconteur and political candidate finally gets a book worthy of his stature courtesy of CNN anchor Abby Phillip Focusing on his presidential runs in 1984 and especially 1988 Phillip highlights how Jackson built an unlikely coalition that showed how Black political power could be consolidated His experience working under Martin Luther King his organizing the SLCC's Operation Breadbasket in Chicago and beyond and his roots in the deep South combined into two astonishingly impactful presidential campaigns Appealing to the working people of urban enclaves like that of Chicago young people on college
