**An Ethics of Political Communication** Alexander Brown, 2021-09-27 Working in the tradition of analytic philosophy Alexander Brown argues that many different forms of political communication or anti communication that often infuriate the public can also be ethically or morally objectionable These forms include question dodging offering scripted answers stonewalling not listening disseminating propaganda pandering being insincere giving false denials issuing revisionist interpretations refusing to take responsibility never apologising boasting and gaslighting Brown invokes a host of normative reasons including those having to do with epistemic arrogance interference in autonomy and violating the right to be heard This is not to say that all things considered politicians should never engage in dubious political communication Sometimes these are necessary evils Brown argues however that further moral inquiry is needed to show why they are evils and to determine when the use of these rhetorical tactics can be excessive unreasonable or out of place Key Features Identifies and conceptualises forms of dubious political communication Develops an ethical evaluation of political communication Considers possible justifications for the use of dubious political communication Makes practical recommendations on how to regulate unethical political communication

security and sustainability Explores challenges related to protecting environmental resources while also meeting human nutritional requirements **The Crucifixion and Resurrection of Freddie Gray** Roberto E. Alejandro,2020-01-29

Beginning with Plato and carried over in the Christian tradition western political thought has been wedded to the proposition that justice and virtue can be achieved in history through the adoption of proper norms Hannah Arendt termed this the tyranny of truth and its effect is to transform politics into a religious exercise through commitments to metaphysical propositions like truth or goodness The tumultuous political aftermath that formed the wake of Freddie Gray s crucifixion in Baltimore MD is an example of politics turned religious exercise In those politics confessional commitments to propositions related to race society and structure came to dominate the interpretation of the killing of Gray s mortal body But as Gray was resurrected in various forms in the weeks after his death one consequence was that a very poor community had one of their sons stripped from them first by police violence and then again through politics whose discursive violence appropriated Gray as proof of its own metaphysics **2016: the Campaign Chronicles** JD Foster,2019-10-08 The 2016 campaign ended with Donald J Trump as president elect of the United States astounding just about everyone More than two dozen candidates had vied for the two parties nominations leaving Trump and former Secretary of State Hillary Clinton Her flaws standing in rough proportion to her strengths Clinton had been the presumed Democratic nominee though Bernie Sanders had nearly upended her run In contrast Trump s capturing the Republican nomination seemed preposterous before and after the fact The campaign overall was far more than the result It was a long tumultuous outrageous frolic of American politics The Campaign Chronicles was written contemporaneously with events as they happened so as to capture the sense of each amazing if horrific moment Even weeks after the election the country remained stunned by the outcome which as we learned foretold of a presidency unlike any before it But before the presidency there was a campaign about which many histories will be written But before the histories must come the chronicling history stripped of faded memories and coherent perspective Herewith such a chronicling written from a determinedly neutral posture presenting the good with the bad for all concerned

*Nothing to Lose, Everything to Gain* Kathy Barnette,2020-02-04 Conservative political commentator Kathy Barnette shares how liberal leadership has failed the black community and how being a democrat is not synonymous with your skin color During his first historic run for the presidency in 2016 Donald Trump made an impassioned plea to the black community Give me a chance he said What the hell do you have to lose According to Kathy Barnette black Americans have nothing to lose except for crime ridden communities neighborhoods that have become shooting galleries more social welfare programs and the mocking indifference of the Democrat party Barnette argues that even a cursory look into the black community reveals the destabilizing effect liberal policies have had on the black family There was a time when Barnette bought into the same lie as everyone else that if you re black you must be a democrat In fact she was born into the Democrat party just as much as she was born into brown skin There was no point of separation Until she began to understand what it

truly means to be black in America Barnette contends that being black is more than just the color of her skin It s a culture and a consciousness too In NOTHING TO LOSE EVERYTHING TO GAIN Barnette writes about why liberal policies have failed the black community time and time again and will fail the larger American community as Democrats rush to the hard Left of the party From the Great Society to Kanye West s ongoing war with the liberal establishment this book provides sharp eloquent commentary on the most pressing issues facing black Americans today broken family structure loss of identity the legacy of slavery and more Barnette argues that President Trump has not been willing to presume that the black vote is a foregone conclusion resting comfortably in the back pockets of Democrats With his plainspoken style and willingness to face harsh truths the president has done more for the black community than any president since Abraham Lincoln Barnette insists the time is now to get back what has been lost to fix the brokenness and to recognize and support those who are actually working in our favor We have nothing to lose and even more to gain *That Reminds Me of a Story* James E.

Collins,2023-11-14 I probably watch too much news read too many newspapers magazines and blogs and have too many conversations with people about politics Often in my mind I consider myself better than politicians I may be better than some but not all of them What I notice is that I make similar mistakes to those in charge Because of this I m willing to say I m not perfect And I have the experiences to prove it Join me in a journey to tell people why I should not run for public office nor should I receive any write in votes in the next election If you do opt for writing my name in on your ballot and are uncertain how ask for assistance from the helpful people at your voting location and write in my full name James E Collins You may not change an election but maybe it will change your outlook knowing that you can vote for whom you want to not someone you are being told to vote for As an afterthought please don t tell me about ending a sentence with a preposition I tend to do that
